Good morning,

We have received your application for permit determination Pribell Dock 196969-1. We see the exemption approval from FDEP under F.A.C. Chapter 62-330.051 (5)(b), and under F.S. Section 403.813(1)(b).

In our review and from past discussions regarding this property, we want to **verify that future use of this property will only be for single family residence**. If the future use is only for single family use, then you do not need approval from The District since you already received exemption approval from the appropriate state agency. If the property will have some other use, then we will need to reevaluate.

If you have any questions, feel free to reach out

Alexi Depp
