7	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	<p>NAFG, was originally established in 1987 when we went by Wondries Fleet Group located in Southern California. Starting with a single automobile dealership, my father Clarke Cooper has grown our network to over 35 dealerships both in and outside of California. We have always hired and promoted from within our organization to help promote our culture. Most of our Fleet Division Managers who started with us back in 1987 are still with us today.</p> <p>We have evolved over the decades to adapt to the improving industry technology to the advancement of once gas-powered vehicles to now fuel cell powered. Even in today's fast changing marketplace, our core values have never changed. Our core values are: Always do what's right for the customer, you take care of them and they will take care of you.</p> <p>Our Business philosophy has always been the 4 RIGHT'S to every client: Deliver the RIGHT vehicle, at the RIGHT time, to the RIGHT place and the RIGHT price.</p> <p>Our longevity can best be displayed with a few statements. 23	Sales force.	We have a Direct and Indirect sales force. Our direct sales force are our employees and partner dealers. Combined our estimated employee count exceeds 100 persons dedicated to supporting our dealerships and NAFG Fleet Division. Our indirect sales force which would be our partner suppliers and upfitters would be well above 100. With both direct and indirect sales force staff NAFG has been proven to maintain and service the current demand of the members. As the number of members grow that we can help, the more staff we would eagerly employee to help meet demand.	*
24	Dealer network or other distribution methods.	Our franchise network which cover's our proposed 11 manufacturers are second to none. With industry forefront of the combined experience of manufactures like The Ford Motor Company, General Motors, Freightliner, MACK, Peterbilt and Kenworth to name a few have established a national presence were all members can receive service and warranty repairs on there respective products. The distribution of an Automobile or Cab Chassis has always been an ongoing challenge for all manufactures new and old. However we in America have the best Automobile Supply Chain Network in the world and as a franchised dealer of brands, we too get take full advantage of the network to ship and supply our member clients nationwide.	*
25	Service force.	With over thousands of service locations representing our 11 manufacturers a member client can find with ease a service station or warranty repair facility near by. Of course Alaska and Hawaii do have a larger distance between franchises a member would utilize for warranty repair or service.	*

26	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	<p>To best illustrate our Customer Service programs, I ask that you use as a reference our ZIP file under Additional Documents and within in a ZIP file named "Member Walk Through". Start with and view in order which I will explain in order here:</p> <p>How A Member Can Get Quotes Online Demo: A member can obtain most quotes by visiting our website <a href="http://www.NationalAutoFleetGroup.com">www.NationalAutoFleetGroup.com</a> where a simple one step form is needed for registration. This is to protect the price information from nonmembers. Once a member registers they will receive an automated welcome email with a demo video on how to use our site. Members will gain access to there very own dashboard which will house all there quotes in one safe secure login. Member's can select which brand they are looking for and model year. Our site shows all the categories the brand offers such as: Cars, Vans, SUV's Trucks and Chassis Cabs. Members will then be able to drill down for the right selection by picking from the filter menu of what cab there looking for (Regular, Extended or Crew) to 2 wheel or 4 wheel drive down to the bed length there looking for. All factory options are then presented for the member to select from, this will show all current factory order-able options, taking the guess work out for the member. Once a member selects a desired build, they will see there Sourcewell Price report showing the MSRP, there contract price, the saving in real dollars and as a percentage. In the PDF example you can see a saving of \$ 9,175.96 of 22.345% to the member showing a significant savings. Members then can chose to add extra's to there order like extra keys' service manuals, sales tax and even request an upfit to be added to there quote. Lastly they will be given a complete turn key quote package to print which will include there customized Quote ID, Description and Specifications of what they built.</p> <p>How Members and Upfitters can Partner with NAFG: Our dedicated website <a href="http://www.NAFGPartner.com">www.NAFGPartner.com</a> was built to accommodate the member who would like a certain upfitter to upfit there vehicles. It was also built for upfitters to have a place to go where they can find information on how to partner with NAFG to better serve there local members.</p> <p>Example of A Member with Upfit Quote: This is an example of how we use our Cab Chassis and combine them with an upfit to provide a turnkey solution for the member in a simple to follow format.</p> <p>ETA System for Members Walk Through: This is where members can easily come to our website, the same website they built there chassis on and track there order like they would a UPS package. We have a very simple display on our homepage "Track your order" where members can enter one of the following: Purchase Order Number, Quote ID, Upfit Quote ID or vin to easily see there in the process there particular order is in.</p> <p>Courtesy Confirmation Explained: After NAFG receives an order from a Member, we always like to send the member a Courtesy Confirmation. This is were the member will double check some particulars on there order like, Color, Quantity, Upfit and to ensure all Specification's are all correct before order placement. We also like to ask for title information at this point so we can help process the paperwork at delivery promptly.</p> <p>Factory Order Cut Off Notices: Here is were we like to highlight were members can access any upcoming factory order cut off dates. We walk the member through the process step by step to ensure the member knows the upcoming factory order cut off date, we even print this information (if known at the time) right on the cover page of there quotes.</p> <p>Validation Walk Through Example: To demonstrate a price validation, we show what a member would see when they build a truck on our site. At check out the member would see the Total Configured MSRP of \$ 35,730.00, A Sourcewell Price of \$ 27,331.68, Total Saving of \$ 8,398.32 or 23.505% for a 2020 F-250 followed by the pricing page which shows the Minimum Discount of at least 18.50%. As you see we provided an additional 5% discount on top of the 18.50% contract discount. This would be the case in this example.</p>	*
27	Identify your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	We have provided a list of our top 1,000 member/clients demonstrating our ability to service all members nationwide. Located in the Marketing Place ZIP file as "NAFG Top 1,000 Member Clients" PDF.	*
28	Identify your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	Our ability and know how to carry our business model into Canada has never been as strong as it is today, we believe a simple US Dollar to Canadian exchange rate coupled with our pricing structure will allow NAFG to finally be in a position to serve members in Canada by partnering with Canadian based dealer groups.	*
29	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	NAFG will service 100 % of the United States of America and attempt to build the same model to service all of Canada. We do not know yet what regions we will encounter difficulty and how long the solution will take, but we will strive to service all of Canada.	*

30	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	We will service all Sourcewell Members through our 24 hours a day 365-year website except Non Profits. Non-Profits would be subject to a different pricing program and would need to be handled on a case by case basis. Non-Profits mostly do not qualify for the discount governments qualify for.	*
31	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	The only requirement for members in Alaska, Hawaii and US Territories would be logistical shipping constraints the region would hold. For example, we currently provide members in Alaska chassis cabs with upfits and the member allows us to add the extra shipping cost, port cost and driver cost to load and unload there vehicles from port to port. This would be required if needed to be added to any quote in these regions.	*

This process includes creation of multiple campaign flyers used to convey key messages to our targeted audience. Flyer messages consist of the types of vehicle contracts, brands sold, special discounts offered to first time buyers, holiday themed flyers, vehicles offered, new website features and many more. This method encourages potential customers to our website to explore our products and services.
