Program Description: On March 11, 2021, the American Rescue Plan Act (ARPA) was signed into law by the President. Section 9901 of ARPA amended Title VI of the Social Security Act (the Act) to add section 602, which establishes the Coronavirus State Fiscal Recovery Fund, and section 603, which establishes the Coronavirus Local Fiscal Recovery Fund (together, the Fiscal Recovery Funds). The Fiscal Recovery Funds are intended to provide support to state, local, and tribal governments (together, recipients) in responding to the impact of COVID–19 and in their efforts to contain COVID–19 on their communities, residents, and businesses. The Fiscal Recovery Funds build on and expand the support provided to these governments over the last year, including through the Coronavirus Relief Fund (C.R.F.).

The American Rescue Plan will deliver \$350 billion for state, local, territorial, and tribal governments to respond to the COVID-19 emergency and restore jobs. The Coronavirus State and Local Fiscal Recovery Funds provide a substantial infusion of resources to help turn the tide on the pandemic, address its economic fallout, and lay the foundation for a strong and equitable recovery. Recipients may use Coronavirus State and Local Fiscal Recovery Funds to:

- Support public health expenditures by funding COVID-19 mitigation efforts, medical expenses, behavioral healthcare, and certain public health and safety staff;
- Address negative economic impacts caused by the public health emergency, including economic harms to workers, households, small businesses, impacted industries, and the public sector;
- Replace lost public sector revenue by using this funding to provide government services to the extent of the reduction in revenue experienced due to the pandemic;
- Provide premium pay for essential workers by offering additional support to those who have borne and will bear the greatest health risks because of their service in critical infrastructure sectors; and,

- Invest in water, sewer, and broadband infrastructure by making necessary investments to improve access to clean drinking water, to support vital wastewater and stormwater infrastructure, and to expand access to broadband internet.
