Date of CPP	September 29, 2023
Location of the Meeting	Tony Rosa Community Center 1502 Port Malabar Blvd
Number of Attendees	26 signed it; counted 30 not including Developer and representatives

**DENOTE ANY ADVERSE COMMENTS/COMPLAINTS/ CONCERNS/ ISSUES RECEIVED AND DESCRIBE RESOLUTION OR PROVIDE JUSTIFICATION IF THE APPLICANT IS UNABLE OR UNWILLING TO ADDRESS THE ISSUE:**

Comments	Resolution	Justification if the applicant is unable or unwilling to address the issue
Concerned about security of Palm Bay Colony residents	Fencing and buffering to Be provided	
Is current zoning residential; would prefer residential use to commercial use	No, current zoning is highway commerical	
How long to complete construction	24 months from breaking ground	
Impact on traffic through Palm Bay Colony; desire for speed humps at entrance to Palm Bay Colony	Traffic study underway, will review intersections with 1.5 miles of project, will speak with City about speed humps	
Concerned that it will be low income housing	It will be market rate housing	
How many people will live in apartments and be in hotel	Apartments will be 1, 2 and 3 bedrooms; anticipate 50% occupancy for hotel	
Number of trips to be generated from project	Will be included in traffic impact study	
Concerned that traffic counts done this time of year will not reflect seasonal traffic from Palm Bay Colony	Traffic Engineer explained that FDOT requires seasonal adjustment factors to be applied to traffic counts for that very reason	
Road in Palm Bay Colony are too narrow and sidewalks in bad shape; can developer provide traffic calming measures to stop "pass-thru" traffic	Will speak with the City about this	Roads in Palm Bay Colony are public roads that connect Robert J. Conlan Blvd and Lispcomb St.; may not be able to alleviate this problem/concern

Where will the school bus stop be and will it come into Palm Bay Colony	Unaware of current location of bus stop but will look into this	
Will street lights be installed on roads into project from Robert J. Conlan Blvd.	Project will install all street lights required by City or other agencies	
Will any roads into Palm Bay Colony be closed.	That is up to the City to decide, but developer does not plan to close any roads	
Will the cleared trees be burned on site or hauled away	Hauled away	
Will the hotel be sold to a third party or will the developer retain ownership	Developer will retain ownership	
How will the drainage from the new project/pavement be managed so that it does not flood Palm Bay Colony or streets	Project engineer explained that drainage study will be conducted and the project will retain all the water it currently retains, the ponds will have berms to prevent any flow out of ponds	
Will there be fences around the ponds	There will be fences along the west side of the project and berms around the ponds	
HOA members currently maintain a swale along the west side of developer's property	Will look into that swale and make sure it is maintained by developer	
Will you change the flood zone	No	
What type of fence will be along the western border of the project	Six foot opaque fence, not sure of materials yet	
Easement/ditch on property near SE corner of Seagrape Street collects water	Will investigate with the drainage study and engineering plans	

<p>How high with the property be raised for the buildings</p>	<p>That will be determined based on soil reports (not yet completed) and based upon required finished floor elevations for the buildings</p>	
<p>How will noise be controlled from the renters</p>	<p>Property management will respond to noise issues and noise complaints from any neighbors</p>	
<p>Requested copies of plans (those on sign in sheet with * by names) and finalized plans</p>	<p>Emailed development plan shown at meeting; final drawings will also be circulated to Palm Bay Colony</p>
