

DEPARTMENT OF HOMELAND SECURITY- FEDERAL EMERGENCY MANAGEMENT AGENCY

❖ ***Fiscal Year 2024 Regional Catastrophic Preparedness Grant Program***

The goal of the Regional Catastrophic Preparedness Grant (RCPGP) program is to enhance regional resilience by supporting comprehensive planning, coordination, and collaboration across jurisdictions to improve preparedness, response, recovery, and resilience in the face of catastrophic events. The National Response Framework defines a catastrophic incident as any natural or manmade incident, including terrorism, that results in extraordinary levels of mass casualties, damage, or disruption affecting the population, infrastructure, environment, economy, national morale, or government functions. The RCPGP provides resources that supports states and local governments in meeting the following objectives:

- Build state and local capacity to manage catastrophic incidents by improving and expanding regional collaboration among emergency managers and other preparedness stakeholders;
- Involve regional stakeholders in the development of plans to address those core capabilities that present persistent preparedness challenges, with specific focus on community-level resilience, and an emphasis on addressing the needs of disadvantaged communities and long-term vulnerability reduction within those communities;
- Establish a resilient and sustainable housing market that meets the needs of the community, including the need for accessible housing within the specified timeframe in the recovery plan;
- Assess preliminary housing impacts and needs, identify currently available options for temporary housing, and plan for permanent housing.

Eligible Entities: State, County, or City governments.

Total Program Funding Available: \$10.8 million

Required Cost Sharing or Match: None

Application Deadline: July 25th, 2024 at 5:00PM EST
