

CITY OF PALM BAY, FL

NASH STREET REPUMP STATION REHABILITATION

In accordance with City's Master Contract #2005-28

June 12, 2024

TASK ORDER NO. 19-10 – Amendment No. 4

City Project No. 19WS10

Section I. BACKGROUND

On August 26, 2019, the City of Palm Bay authorized Wade Trim to proceed with Task Order 19-10 providing for the preliminary and final design of repumping facilities at the Nash Street Repump Station. The original scope of work included replacement in kind of the existing MCC and four high service pumps as well as media blasting and repainting of the aboveground exterior process piping.

Amendment 1: On April 23, 2020, the City of Palm Bay amended the Task Order to expand the scope of the initial Design Technical Memorandum to include replacement of the interior piping associated with the suction and discharge of the four high service pumps and a potential conversion of the existing liquid sodium hypochlorite disinfection system to a chloramination system.

Amendment 2: On April 9, 2021, the City of Palm Bay amended the Task Order to include detailed design of the chloramination system based on the final Technical Memorandum. Wade Trim submitted the 50% design on August 24, 2021 and continued to progress the design toward 100% when the project was put on hold pending incorporation of instrumentation modifications requested by the City.

Amendment 3: On June 29, 2023, the City of Palm Bay amended the Task Order to provide for electrical and instrumentation controls enhancements for the pump station. The amendment included the detailed design and permitting of those enhancements.

Amendment 4: The City has reviewed the bid plans and requested an alternative solution for the MCC, due to lead times and cost. The design will be revised to install a panelboard in lieu of a new MCC. The panelboard would feed individual components that would be wall mounted in the space where the existing MCC resides. The new equipment would be easier to temporarily mount, allowing the removal of the existing MCC.

Details of the additional scope of work are provided below.

Section II. SCOPE OF WORK

Wade Trim agrees to perform the following additions to the existing tasks:

Task 1 – Preliminary Design Tech Memo

No Change

Task 2 – 50% Design

No Change

Task 3 – 100% Design

No Change

Task 4 – Final Design

No Change

Task 5 – Revised Final Design

- a) Draft Revised Final Design Plans
 - 1. Coordinate with electrical vendors to identify the specific equipment required.
 - 2. Revise electrical drawings to show new layout of proposed equipment.
 - 3. Revise single line to show panelboard and individual components.
 - 4. Revise proposed sequence of construction for existing MCC and proposed new equipment.
- b) Draft Revised Final Design Specifications: Revise specifications to provide basis of design for equipment selected for proposed new layout.
- c) Draft Revised Final EOPCC: Revise EOPCC to include the revision from MCC to proposed new equipment.
- d) Revise Final Design
 - 1. Provide a comment response form
 - 2. Provides Signed and Sealed Drawings
 - 3. Provide Signed and Sealed Specifications

SECTION III: PROJECT REPRESENTATIVES

City of Palm Bay Utilities: Thomas Marinelli
321-952-3410
thomas.marinelli@palmbayflorida.org

Wade Trim: Michael Demko, P.E.
321-728-3389
MDemko@wadetrim.com

SECTION IV: PERMITTING

FDEP has determined that no permit modification is required for this scope of work.

SECTION VI: CITY'S RESPONSIBILITY

No change from the original task order.

Section VII. DELIVERABLES

No change from the original task order.

SECTION VII: SCHEDULE

Work will begin within 5 days of notice-to-proceed (NTP) for the amendment and adhere to the following milestones:

Task 1: N/A

Task 2: N/A

Task 3: N/A

Task 4: N/A

Task 5: Revise Final Design

- Submit Draft Redesign to City: 4 weeks from NTP
- Submit Final Redesign to City: 2 weeks from City Comments

SECTION VIII: BASIS OF COMPENSATION

The fee for the scope of work described in Section II of this Amendment No. 4, shall not exceed a total lump sum fee of **\$16,200.00**. The modified protect total lump sum fee shall not exceed the total lump sum of **\$216,144.00** as shown in the table below. The City shall periodically compensate the Wade Trim a portion of the task fee based on mutually agreed upon percentages of completion of each task.

TASK	DESCRIPTION	ORIGINAL FEE	AMEND #1 FEE	AMEND #2 FEE	AMEND #3 FEE	ADD FEE
1	Data Collection and Design Technical	\$19,132.00	\$16,386.00	\$0	\$0	\$0
2	50% Design	\$22,005.00	\$2,016.00	\$31,602.00	\$22,470.00	\$0.00
3	100% Design	\$26,717.00	\$224.00	\$31,188.00	\$7,980.00	\$0.00
4	Final Design	\$11,904.00	\$224.00	\$6,746.00	\$1,350.00	\$0.00
5	Revised Final Design					\$16,200.00
	SUBTOTAL	\$79,758.00	\$18,850.00	\$69,536.00	\$31,800.00	\$16,200.00
	MODIFIED TOTAL	\$216,144.00				

At the direction of the City, Wade Trim may be requested to provide additional services. These additional services will be billed at the standard hourly billing rates on a negotiated Lump Sum basis.

SECTION IX. ESTIMATED CONSTRUCTION COST

The estimated cost of construction for the project is \$902,000.

SECTION X. ACCEPTANCE

If the above scope and fees meet your approval, please indicate by your signature in the space provided below and return one signed copy which will constitute an "Agreement and Notice to Proceed" for the accomplishment of this work.
