## Spark Good Nonprofit FAQs

What is Walmart Spark Good?

Walmart Spark Good brings together all our community giving programs under one brand and empowers local organizations to engage with customers and associates to support causes they care about. Organizations wanting to take advantage of Spark Good resources must first become verified through Deed, a

third-party verification provider, and create a Spark Good account on Walmart.com. For more information, please visit [www.walmart.org/sparkgood](http://www.walmart.org/sparkgood)

---

What is the Spark Good account? 

The Spark Good account is a one-stop shop for eligible organizations to manage their charitable activities with Walmart, such as applying for Spark Good Local Grants, setting up customer-facing registries for needed items, requesting space outside of our facilities to fundraise, and signing up for Round Up and more. To get started, scroll up and click “Access Spark Good” to set up your Spark Good account.

---

How do I start the Deed verification process? 

To start the Deed verification process, please scroll up and click “Access Spark Good”. You will be prompted to create or log into your Walmart.com account to get started. We recommend using an organizational email, rather than a personal email, to create your Spark Good account. You will be directed to the verification process by clicking “Add Organizations.”

---

Can I access more than one organization on my Spark Good account? 

Yes, if you are listed as an authorized user in Deed for more than one organization and the email address used for Deed for each of these organizations matches your Walmart.com account, you can access multiple local organizations in your Spark Good account. Note, only the Primary in your Spark Good account (Admin in Deed) will have access to the following tools: Spark Good Round Up enrollment, Registry Donation Receipt Setup, Organization Profile settings and preferences.
