**RE: Proposed Chaparral Subdivision Phases 4 and 5 Development  
School Capacity Availability Determination Time Extension Letter,  
TE-2024-01 for SCADL-2022-05**

Dear Ms. Frazier,

We received a completed *School Concurrency Time Extension Application* for the referenced development from Metro Development Group on March 15, 2024. The subject property consists of Tax Account 2960819 (Parcel ID: 29-36-09-00-3), Tax Account 2963407 (Parcel ID: 29-36-09-00-4), Tax Account 2903867 (Parcel ID: 29-36-04-00-752), Tax Account 2903868 (Parcel ID: 29-36-04-00-753) and a portion Tax Account 2903866 (Parcel ID: 29-36-04-00-751) containing approximately 136.70 acres in The City of Palm Bay, Brevard County, Florida. Five Hundred Twenty-Two (522) single family dwelling units are planned for completion.

The previous school impact analysis was completed on March 17, 2022. This letter serves as the official *Time Extension for School Concurrency Availability Determination Letter (SCADL)* regarding the Chaparral Subdivision Phases 4 and 5 developments, in accordance with Section 13.2(e) of the *Interlocal Agreement for Public School Facility Planning and School Concurrency (ILA)*. The School Capacity Reservation outlined in SCADL-2022-05 will remain valid for an additional 24 months from the original expiration date of March 17, 2024, and will run through March 17, 2026.

In accordance with Section 13.2(f) of the ILA, so that the school district can track capacity reservations, please provide notification:

1. When this residential development has received a Concurrency Evaluation Finding of non-deficiency or functional equivalent.
2. The date the development order expires, is extended, or is revoked.
3. When the concurrency reservations become vested.
4. When the school impact fees have been paid.

We appreciate the opportunity to review this proposed project. Please let us know if you require additional information.

Sincerely,

**RE: Proposed Chaparral Subdivision Phases 4 and 5 Development  
School Capacity Availability Determination Letter SCADL-2022-05**

Dear Ms. Alix Bernard,

We received a completed *School Facility Planning & Concurrency Application* for the referenced development. The subject property consists of Tax Account 2960819 (Parcel ID: 29-36-09-00-3), Tax Account 2963407 (Parcel ID: 29-36-09-00-4), Tax Account 2903867 (Parcel ID: 29-36-04-00-752), Tax Account 2903868 (Parcel ID: 29-36-04-00-753) and a portion Tax Account 2903866 (Parcel ID: 29-36-04-00-751) containing approximately 136.70 acres in The City of Palm Bay, Brevard County, Florida. Five Hundred Twenty-Two (522) single family dwelling units are planned for completion. The School Concurrency Determination of this proposed development has been undertaken and the following information is provided for your use.

The calculations used to analyze the prospective student impact are consistent with the methodology outlined in Section 13.2 of the *Interlocal Agreement for Public School Facility Planning & School Concurrency (ILA-2014)*. The following capacity analysis is performed using capacities/projected students as shown in the *Brevard County Public Schools Financially Feasible Plan for 2020-21 to 2025-26* which is attached for reference.

Single Family Homes	522	Calculated Students Generated	Rounded Number of Students Generated
Students Generated	Student Generation Rates		
Elementary	0.28	146.16	146
Middle	0.08	41.76	42
High	0.16	83.52	84
<b>Total</b>	<b>0.52</b>		<b>272</b>

Central	343	285	252	159	112
Heritage	276	141	73	63	(18)

At this time Jupiter Elementary School and Heritage High School are not projected to have enough capacity for the total of projected and potential students from the Chaparral Subdivision Phases 4 and 5 development. Because there is a shortfall of available capacity in the concurrency service areas of the Chaparral Subdivision Phases 4 and 5 development, the capacity of adjacent concurrency service areas must be considered. The adjacent elementary school concurrency service areas are Westside Elementary School, Turner Elementary School, McAuliffe Elementary School, and Discovery Elementary School. The adjacent high school concurrency service areas are Bayside High School, Melbourne High School, Eau Gallie High School, and Palm Bay Magnet High School. A table of capacities of the *Adjacent Schools Concurrency Service Areas* that could accommodate the impacts of the Chaparral Subdivision Phases 4 and 5 development is shown:

**FISH Capacity (including relocatable classrooms) from the  
Financially Feasible Plan (FFP) Data and Analysis for School Years 2022-23 to  
2026-27**

Discovery	336	299	263	246	223
Bayside	521	375	259	175	96

Considering the adjacent elementary school and high school concurrency service areas, there is sufficient capacity for the total projected student membership to accommodate the Chaparral Subdivision Phases 4 and 5 development.

This letter is the official **School Concurrency Availability Determination Letter (SCADL)** for the Chaparral Subdivision Phases 4 and 5 development in accordance with Section 13.2(e) of the *Interlocal Agreement for Public School Facility Planning and School Concurrency (ILA)*. This letter will become binding, and capacity will be reserved in Brevard Public Schools for the projected student membership impact of this development as of the date of this letter.

The School Capacity Reservation at the above schools is valid for 24 months from the date of this letter. At that time, if the project has not received the Certificate of Completion approval from The City of Palm Bay, a Time Extension application can be submitted to the School Board through The City of Palm Bay. A maximum of 2 additional years can be requested. If the final planning approval has not been completed after the 2-year Time Extension is granted, a new application for School Concurrency must be submitted.

Also, in accordance with Section 13.2(f) of the ILA, so that the school district can track capacity reservations, please provide notification:

1. When this residential development has received a Concurrency Evaluation Finding of Nondeficiency or functional equivalent.
2. The date the development order expires, is extended, or is revoked.
3. When the concurrency reservations become vested.
4. When the school impact fees have been paid.

We appreciate the opportunity to review this proposed project. Please let us know if you require additional information.

Sincerely,

#### Notes

- FISH Capacity is the sum of the factored permanent capacity and the factored relocatable capacity. Permanent and relocatable capacities for 2021-22 are reported from the FISH database as of October 12, 2021.
- Student Membership is reported from the Fall Final Membership Count (10/15/2021).
- Davis Demographics SchoolSite Enrollment Forecasting Extension for ArcGIS estimates future student populations by analyzing the following data:
  - Development Projections from Brevard County Local Government Jurisdictions
  - Brevard County School Concurrency Student Generation Multipliers (SGM)
  - Fall Membership student addresses and corresponding concurrency service areas
  - Student Mobility Rates / Cohort Survival Rates
  - Brevard County Birth rates by zip code
- Davis Demographics estimates are then adjusted using the following factors:
  - PK (Pre-Kindergarten) and AH (daycare for students with infants) enrollment number are assumed to be constant
  - Current From/To attendance patterns are assumed to remain constant.
  - Nongecoded student addresses are assumed to continue in their attendance schools.
  - Charter School Growth.
- In order to maintain utilization rates lower than the 100% Level of Service, Permanent Capacity and Relocatable Classrooms are assumed to add future student stations as necessary.
- A total of 15 Relocatable Classrooms are assumed to add future student stations as listed below:
  - Primary relocatable classrooms (Grades K-3) = 18 student stations, Intermediate (Grades 4-8) relocatable classrooms = 22 student stations, and High School (Grades 9-12) relocatable classrooms = 25 student stations
  - Intermediate relocatable classrooms are proposed to be added at Roy Allen Elementary, Jupiter Elementary, Sunrise Elementary, and Westside Elementary Schools (Total 12 Classrooms)
  - High school relocatable classrooms are proposed to be added at Satellite High and Viera High (Total of 3 Classrooms)
- A classroom addition is planned for construction at Viera High School for 2023-24. The factored capacity is adjusted for the proposed 350 student stations.
