## INCIDENT NARRATIVE

Meet Florida Division of Forestry on the site of a previous mulch fire to investigate further hazards. FL-DOF relates they will place smoke signs on the highway and contact DEP as well as F-DOT. FL-DOF relates the mulch fire will most likely smolder for a week or so. Land Leaser notified and informed to keep constant watch on it as well as use his heavy equipment to separate the smoldering mulch and continue to extinguish smoldering piles. E99 completes the assignment without incident.
