**RE: Proposed Malabar Village  
School Capacity Availability Determination Letter SCADL-2024-07**

Dear Ms. Haigler,

We received a completed *School Facility Planning & Concurrency Application* for the referenced development. The subject property consists of Tax Account 2903861 (Parcel ID: 29-36-04-00-4) containing approximately 32.8 acres in The City of Palm Bay, Brevard County, Florida. The proposed development includes 424 multi-family units. The School Impact Analysis of this proposed development has been undertaken and the following information is provided for your use.

The calculations used to analyze the prospective student impact are consistent with the methodology outlined in Section 13.2 and Amended Appendix "A"-School District Student Generation Multiplier (approved April 11, 2022) of the *Interlocal Agreement for Public School Facility Planning & School Concurrency (ILA-2014)*. The following capacity analysis is performed using capacities/projected students as shown in the *Brevard County Public Schools Financially Feasible Plan for 2023-24 to 2028-29* which is attached for reference.

Multi-Family Homes	424		
Students Generated	Student Generation Rates	Calculated Students Generated	Rounded Number of Students Generated
Elementary	0.11	46.64	47
Middle	0.02	8.48	8
High	0.05	21.20	21
Total	0.18		76

Jupiter		38	10	(21)	(46)	(35)
Central		404	326	293	234	158
Heritage		261	280	175	133	47

At this time there is projected to be sufficient capacity at the middle and high school level for the proposed *Malabar Village Development*; however, Jupiter Elementary School is not projected to have enough capacity for the total of projected and potential elementary school students from the *Malabar Village development*. Because there is a shortfall of the available capacity in the concurrency service area of the development, the capacity of the adjacent concurrency service areas must be considered. The adjacent elementary school

concurrency service areas are Discovery Elementary School, Christa McAuliffe Elementary School, John F. Turner Elementary School, and Westside Elementary School. A table of capacities of the Adjacent Schools Concurrency Service Areas that could accommodate the impacts of the Malabar Village development is shown:

<b>FISH Capacity (including relocatable classrooms) from the Financially Feasible Plan (FFP) Data and Analysis for School Years 2024-25 to 2028-29</b>						
School		2024-25	2025-26	2026-27	2027-28	2028-29

McAuliffe		644	642	627	611	601
<b>Students Generated by Newly Issued SCADL Reservations Since FFP</b>						
School		2024-25	2025-26	2026-27	2027-28	2028-29
Discovery		-	-	-	-	-
McAuliffe		-	-	-	-	-
<b>Cumulative Students Generated by Proposed Development</b>						
School		2024-25	2025-26	2026-27	2027-28	2028-29
Discovery		-	23	47	47	47
McAuliffe		-	23	47	47	47
<b>Total Projected Student Membership (includes Cumulative Impact of Proposed Development)</b>						
School		2024-25	2025-26	2026-27	2027-28	2028-29
Discovery		724	761	797	800	811
McAuliffe		644	665	674	658	648
<b>Projected Available Capacity = FISH Capacity - Total Projected Student Membership</b>						
School		2024-25	2025-26	2026-27	2027-28	2028-29
Discovery		256	219	183	180	169
McAuliffe		194	173	164	180	190

Considering the adjacent elementary school concurrency service areas, there is sufficient capacity for the total projected student membership to accommodate the Malabar Village development.

This letter is the official ***School Concurrency Availability Determination Letter (SCADL)*** for the *Malabar Village* development in accordance with Section 13.2(e) of the *Interlocal Agreement for Public School Facility Planning and School Concurrency (ILA)*. This letter will become binding, and capacity will be reserved in Brevard Public Schools for the projected student membership impact of this development as of the date of this letter.

The School Capacity Reservation at the above schools is valid for 24 months from the date of this letter. At that time, if the project has not received the Certificate of Completion approval from The City of Palm Bay, a Time Extension application can be submitted to the School Board through The City of Palm Bay. A maximum of 2 additional years can be requested. If the final planning approval has not been completed after the 2-year Time Extension is granted, a new application for School Concurrency must be submitted.

Also, in accordance with Section 13.2(f) of the ILA, so that the school district can track capacity reservations, please provide notification:

1. When this residential development has received a Concurrency Evaluation Finding of Nondeficiency or functional equivalent.
2. The date the development order expires, is extended, or is revoked.
3. When the concurrency reservations become vested.
4. When the school impact fees have been paid.

We appreciate the opportunity to review this proposed project. Please let us know if you require additional information.

Sincerely,

Karen M. Black, AICP  
Manager – Facilities Planning & Intergovernmental Coordination  
Planning & Project Management, Facilities Services

Notes

- FISH Capacity is the sum of the factored permanent capacity and the factored relocatable capacity. Permanent and relocatable capacities for 2023-24 are reported from the FISH database as of October 11, 2023.
  - Student Membership is reported from the Fall Final Membership Count (10/13/2023).
  - Davis Demographics SchoolSite Enrollment Forecasting Extension for ArcGIS estimates future student populations by analyzing the following data:
    - Development Projections from Brevard County Local Government Jurisdictions
    - Brevard County School Concurrency Student Generation Multipliers (SGM)
    - Fall Membership student addresses and corresponding concurrency service areas
    - Student Mobility Rates / Cohort Survival Rates
    - Brevard County Birth rates by Zip code
  - Davis Demographics estimates are then adjusted using the following factors:
    - PK (Pre-Kindergarten) and AH (Daycare for students with infants) enrollment number are assumed to be constant
    - Current From/To attendance patterns are assumed to remain constant.
    - Nongeocoded student addresses are assumed to continue in their attendance schools.
    - Charter School Growth.
  - In order to maintain utilization rates lower than the 100% Level of Service, Permanent Capacity and Relocatable Classrooms are assumed to add future student stations as necessary.
  - If student projections are accurate, the school board could add additional classroom capacity, implement attendance boundary changes, or add relocatable classrooms. A south area elementary school is planned for the future growth, but the exact timing hasn't been established.
    - Primary relocatable classrooms (Grades K-3) = 18 student stations. Intermediate (Grades 4-8) relocatable classrooms = 22 student stations, and High School (Grades 9-12) relocatable classrooms = 25 student stations.
- For school year 2024-25, a total of 6 intermediate classrooms are projected for Westside (4), Viera (2), and Jupiter (2) Elementary Schools.  
 For school year 2025-26, a total of 9 intermediate classrooms are projected for Westside (4), Viera (4), and Jupiter (2) Elementary Schools, Southwest Middle School (3) and 3 High School relocatable classrooms are proposed for Bayside High School.  
 For school year 2026-27, a total of 10 intermediate classrooms are projected for Westside (4), Viera (4), and Jupiter (3) Elementary Schools, Southwest Middle School (3) and 5 High School relocatable classrooms are proposed for Bayside (3) and Melbourne (2) High Schools.  
 For school year 2028-29, a total of 9 intermediate classrooms are projected for Viera (4), and Jupiter (3) Elementary Schools, Southwest Middle School (3) and 5 High School relocatable classrooms are proposed for Bayside (3) and Melbourne (2) High Schools.
9. A classroom addition is planned for construction at West Melbourne School of Science for 2024-25. The factored capacity is adjusted for the proposed 176 student stations.
