PROPOSAL PROFILES PROGRAM YEAR 2025-2026 HOUSING REHABILITATION

**City of Palm Bay – Housing and Community Development Division, Housing Rehabilitation
Activity Delivery Costs- In house or by outside contractor**

Requested Amount: \$101,017.00

Introduction/Demonstration of Need: City staff is seeking CDBG funds to charge the activity delivery costs for housing inspections to the CDBG and HOME Programs.

Staff Evaluation: An increase in housing projects, re-occurring grant expenditure deadlines, along with annual monitoring of rental housing projects, and inspection and assistance with the housing non-profit projects have all contributed to the need for the housing rehabilitation program to maintain the Housing Rehabilitation activity delivery cost for housing services.
