Motion by Mr. Johnson, seconded by Deputy Mayor Jaffe, to approve the recommendations on Program Year 2025-2026 Community Development Block Grant (CDBG) program funding.

Mr. Langevin was concerned with giving taxpayer dollars to Catholic Charities. He noted a recent report from Congress in which Catholic Charities was listed as one of the top charities assisting with illegal immigration at the southern border. He would not support the request as is and suggested reallocating those funds to the other charities. Mayor Medina would not support the request due to its location and that COH wanted to rezone the property to allow for three (3) bedrooms in a strip mall. He felt the property should remain zoned as commercial.

Drew Warren, CEO, Community of Hope, presented his proposal to assist three (3) senior citizens by rehabilitating the facility into three (3), one-bedroom apartments.

Mr. Hammer agreed that it was not a desirable location for apartments, especially for senior citizens.

The public hearing was closed.

(Quasi-Judicial Proceeding)

The Planning and Zoning Board recommended approval of the request.

The City Attorney read the resolution in caption only. The public hearing was opened. Ms. Frazier provided an overview of the request. Mayor Medina disclosed that he personally knew the representative for the applicant, Marina Martinez, and her late husband, Daniel Martinez.

Mr. Hammer asked if the pending litigation would affect this request. Ms. Smith explained that the litigation was related to personal property and Council was considering regulation of the actual land. She said Council could move forward with this request.

Ms. Martinez presented the request to Council.

Individuals made general comments. The public hearing was closed.

Motion by Mr. Langevin, seconded by Mayor Medina, to adopt Resolution 2025-14.

(Quasi-Judicial Proceeding)

Due to a tie vote of the Planning and Zoning Board, the recommendation for approval of the request failed.

The City Attorney read the ordinance in caption only. The public hearing was opened. Councilman Hammer disclosed ex parte communications that the applicant was a client of the company he worked for, and he would be abstaining from the vote. He noted that he did not abstain from voting at the first hearing as the applicant was not a client at that time.

Ms. Frazier provided an overview of the request.

Bruce Moia, MBV Engineering and representative for the applicant, presented the request to Council. - The required buffers shall be placed into a conservation easement.

The City Attorney read the resolution in caption only. The public hearing was opened. Ms. Frazier provided an overview of the request. Councilman Hammer reiterated his ex parte communications and that he would be abstaining from the vote.

Michael Cram, applicant, and Bruce Moia of MBV Engineering, presented the request to Council.

Mr. Vernon Densler (aggrieved party) presented his case, which included witness testimony from Vitali Brinzow and Rachel Densler. Concerns were related to health hazards, effects of emissions from waste facilities, dust and odor distribution, and groundwater contamination. Other individuals spoke in support of and against the request.

Mr. Moia stated that this was not a request for an industrial wood waste facility as portrayed by Mr. Densler. This would be a green recycling facility that would also make mulch. Mr. Cram responded to comments posed by councilmembers.

The public hearing was closed.

Deputy Mayor Jaffe said that the applicant had met all criteria referenced in the Staff Report and did not feel that the facility would be operated in a manner that would cause harm to the community. Mr. Johnson was concerned with groundwater contamination and asked that the applicant work with neighbors to address all concerns. Mr. Langevin said he would not support the requested due to the location being surrounded by three (3) schools which could pose a health concern.

2. Consideration of the Program Year 2025-2026 Annual Action Plan and recommendations of programs and activities to be funded under the HOME Program, first hearing.

The public hearing was opened. Ms. Junkala-Brown presented the request to Council. Through the Request for Applications (RFA) process, only one application was received from Community of Hope (COH) and they had requested the maximum amount of \$170,425.62.

Mayor Medina would not support the request due to its location and that COH wanted to rezone the property to allow for three (3) bedrooms in a strip mall. He felt the property should remain zoned as commercial.

Drew Warren, CEO, Community of Hope, presented his proposal to assist three (3) senior citizens by rehabilitating the facility into three (3), one-bedroom apartments.

Mr. Hammer agreed that it was not a desirable location for apartments, especially for senior citizens.

The public hearing was closed.

Motion by Mr. Langevin, seconded by Mr. Johnson, to deny the recommendations on Program Year 2025-2026 HOME funding. Mr. Langevin agreed that this type of housing should not be located on a commercial corridor and said it was not the government's job to provide housing. Motion carried with members voting as follows: Mayor Medina, Yea; Deputy Mayor Jaffe, Yea; Councilman Johnson, Yea; Councilman Hammer, Yea; Councilman Langevin, Yea.

(Quasi-Judicial Proceeding)

The Planning and Zoning Board recommended approval of the request.

The City Attorney read the resolution in caption only. The public hearing was opened. Ms. Frazier provided an overview of the request. Mayor Medina disclosed that he personally knew the representative for the applicant, Marina Martinez, and her late husband, Daniel Martinez.

Mr. Hammer asked if the pending litigation would affect this request. Ms. Smith explained that the litigation was related to personal property and Council was considering regulation of the actual land. She said Council could move forward with this request.

Ms. Martinez presented the request to Council.

Individuals made general comments. The public hearing was closed.

Motion by Mr. Langevin, seconded by Mayor Medina, to adopt Resolution 2025-14.

(Quasi-Judicial Proceeding)

Due to a tie vote of the Planning and Zoning Board, the recommendation for approval of the request failed.

The City Attorney read the ordinance in caption only. The public hearing was opened. Councilman Hammer disclosed ex parte communications that the applicant was a client of the company he worked for, and he would be abstaining from the vote. He noted that he did not abstain from voting at the first hearing as the applicant was not a client at that time.

Ms. Frazier provided an overview of the request.

Bruce Moia, MBV Engineering and representative for the applicant, presented the request to Council. Individuals spoke against the request, citing health risks from the industrial business, decline of surrounding property values, and that the area should remain residential. The public hearing was closed.

Motion by Deputy Mayor Jaffe, seconded by Mr. Johnson, to adopt Ordinance 2025-14, subject to the condition that the entire 15.4 acres shall be utilized for wetland preservation as part of a Conservation Easement with St. John's River Water Management District and for stormwater management uses.

vicinity west of Babcock Street (36 acres) (Case CU24-00008, Foundation Park Future Investments, LLC). (Quasi-Judicial Proceeding) (CONTINUED FROM 03-20-25 RCM).

The Planning and Zoning Board recommended approval of the request, subject to the following conditions:

- Burning of materials shall not be permitted.

- There shall be required street sweeping of Foundation Park Boulevard SE frontage.
- The required buffers shall be placed into a conservation easement.
- Adherence to all provisions of the Code of Ordinances of the City of Palm Bay and all other state and federal rules, regulations, and statutes.

The City Attorney read the resolution in caption only. The public hearing was opened. Ms. Frazier provided an overview of the request. Councilman Hammer reiterated his ex parte communications and that he would be abstaining from the vote.

Michael Cram, applicant, and Bruce Moia of MBV Engineering, presented the request to Council.

Mr. Vernon Densler (aggrieved party) presented his case, which included witness testimony from Vitali Brinzow and Rachel Densler. Concerns were related to health hazards, effects of emissions from waste facilities, dust and odor distribution, and groundwater contamination. Other individuals spoke in support of and against the request.

Mr. Moia stated that this was not a request for an industrial wood waste facility as portrayed by Mr. Densler. This would be a green recycling facility that would also make mulch. Mr. Cram responded to comments posed by councilmembers.

The public hearing was closed.

Deputy Mayor Jaffe said that the applicant had met all criteria referenced in the Staff Report and did not feel that the facility would be operated in a manner that would cause harm to the community. Mr. Johnson was concerned with groundwater contamination and asked that the applicant work with neighbors to address all concerns. Mr. Langevin said he would not support the requested due to the location being surrounded by three (3) schools which could pose a health concern.
