##### South

NC, Neighborhood Commercial District; daycare and a gas station

##### West

RS-2, Single-Family Residential District; Single-Family Residences

---

#### COMPREHENSIVE PLAN

##### COMPATIBILITY

Yes, Commercial Use

---

**BACKGROUND:**

The subject business is operating within two recently combined units of a commercial plaza located northwest of and adjacent to the intersection of Jupiter Boulevard SE and Eldron Boulevard SE, specifically at 3085 Jupiter Boulevard SE, Units 10 and 11. Tax Account 2925051. The applicant received a Business Tax Receipt with the City as a “small event space,” which is a permitted use in the Neighborhood Commercial zoning district, per section 185.042(B)(11). The facility also holds certification from the Health Department for the limited service of food which has not been prepared on the premises.

Kasik Heritage Corp is a 501(c) non-profit and state statute allows them to receive up to twelve (12) special event licenses for alcohol beverage service per year. The applicant now wishes to acquire a permanent alcohol beverage permit (QUOTA-4COP) with the state and has applied for a conditional use permit per Section 185.042(D)(6).

**ANALYSIS:**

Section 185.042(D)(6) provides that eating establishments licensed by the Division of Hotels and Restaurants of the Department of Business and Professional Regulation (DBPR) as a restaurant may serve alcohol with Conditional Use approval. The Kasika Event Hall is not currently licensed with DBPR as a permanent food service establishment. The permanent alcohol licensing requires the establishment to be open full time hours, which the applicant does intend to maintain, however, providing zoning approval of this license would classify the business as a bar/lounge, which is not permitted in the Neighborhood Commercial zoning district.

Furthermore, Florida State Statute 562.45(2)(a) prohibits on premises consumption of alcoholic beverages within 500 feet of the real property of a public or private elementary school, middle school, or secondary school. The exceptions provided by this statute is if the location is licensed as a restaurant which derives at least 51% of their gross revenues from the sale of food and non-alcoholic beverages or for the issuance of temporary licenses to non-profit organizations.

**CODE REQUIREMENTS:**

To be granted conditional use approval, requests are evaluated upon items (A) through (H) of the General Requirements and Conditions of Section 185.087 of the Code of Ordinances. Staff did not evaluate these criteria because the applicant does not meet the requirement for the conditional use they are requesting.

**Item (A):** Adequate ingress and egress may be obtained to and from the property, with particular reference to automotive and pedestrian safety and convenience, traffic flow and control, and access in case of fire or other emergencies.

**Item (B):** Adequate off-street parking and loading areas may be provided, without creating undue noise, glare, odor, or other detrimental effects upon adjoining properties.

**Item (C):** Adequate and properly located utilities are available or may be reasonably provided to serve the proposed development.

**Item (D):** Adequate screening and/or buffering will be provided to protect and provide compatibility with adjoining properties.

**Item (E):** Signs, if any, and proposed exterior lighting will be so designed and arranged to promote traffic safety and to eliminate or minimize any undue glare, incompatibility, or disharmony with adjoining properties.

**Item (F):** Yards and open spaces will be adequate to properly serve the proposed development and to ensure compatibility with adjoining properties.

**Item (G):** The proposed use will not constitute a nuisance or hazard because of the number of persons who will attend or use the facility, or because of vehicular movement, noise, fume generation, or type of physical activity. The use as proposed for development will be compatible with the existing or permitted uses of adjacent properties.

**Item (H):** Development and operation of the proposed use will be in full compliance with any additional conditions and safeguards which the City Council may prescribe, including, but not limited to, reasonable time limit within which the action for which special approval is requested shall be begin or be completed, or both.

#### **STAFF FINDINGS:**

Case CU24-00001 does not meet the requirements for the conditional use requested. The applicant has requested a continuance to the September 4<sup>th</sup> meeting, rather than a withdrawal, so they may pursue their options.

### **Septic Tank Notes:**

The septic tank and drainfield system shall be constructed in accordance with the Department of Health and Rehabilitation Services requirements set forth by Chapter 10 D-6 and the on-site sewage disposal permit.

**Total Area (Building No. 1)** 15,000 SF

### **Septic Tank System to the West of Building No. 1**

Area of Building (Exhaustion Store / Beauty Salon / Office & Retail)	5,000 SF
Total Flow	2,000 GPD
Drainfield Loading Rate	+ 1.0 GPD
Drainfield Area	2,000 SF
Factor of Safety	+ 1.25
Total Drainfield Required	2,500 SF
Unobstructed Area Required	3,500 SF
Unobstructed Area Provided	8,800 SF
Design	
Grease Trap Size	1,200 GAL
Septic Tank Size	2,700 GAL
Soiling Chamber	850 GAL
Drainfield Area	2,500 SF

### **Septic Tank System to the North of Building No. 1**

Area of Building (Exhaustion / Office & Retail)	10,000 SF
Total Flow	2,750 GPD
Drainfield Loading Rate	+ 1.0 GPD
Drainfield Area	2,750 SF
Factor of Safety	+ 1.25
Total Drainfield Required	3,440 SF
Unobstructed Area Required	10,110 SF
Unobstructed Area Provided	10,300 SF
Design	
Grease Trap Size	1,200 GAL
Septic Tank Size	3,700 GAL
Soiling Chamber	850 GAL
Drainfield Area	3,440 SF

### **GENERAL STATEMENTS:**

A 15,000 SF single story retail sales shopping center is being proposed for site plan approval. The project site is zoned C-1 with contiguous zoning of RU-2 to the North and to the West. Future expansion of 10,000 SF will be constructed when sanitary sewer becomes available to the site.

### **LEGAL DESCRIPTION:**

Tract 1, Block 395, Port Malabar Unit Two, as recorded in Plat Book 15, Page 10 of the Public Records of Broward County, Florida.

APPROVED BY:	LS			

- GENERAL CONSTRUCTION NOTES:

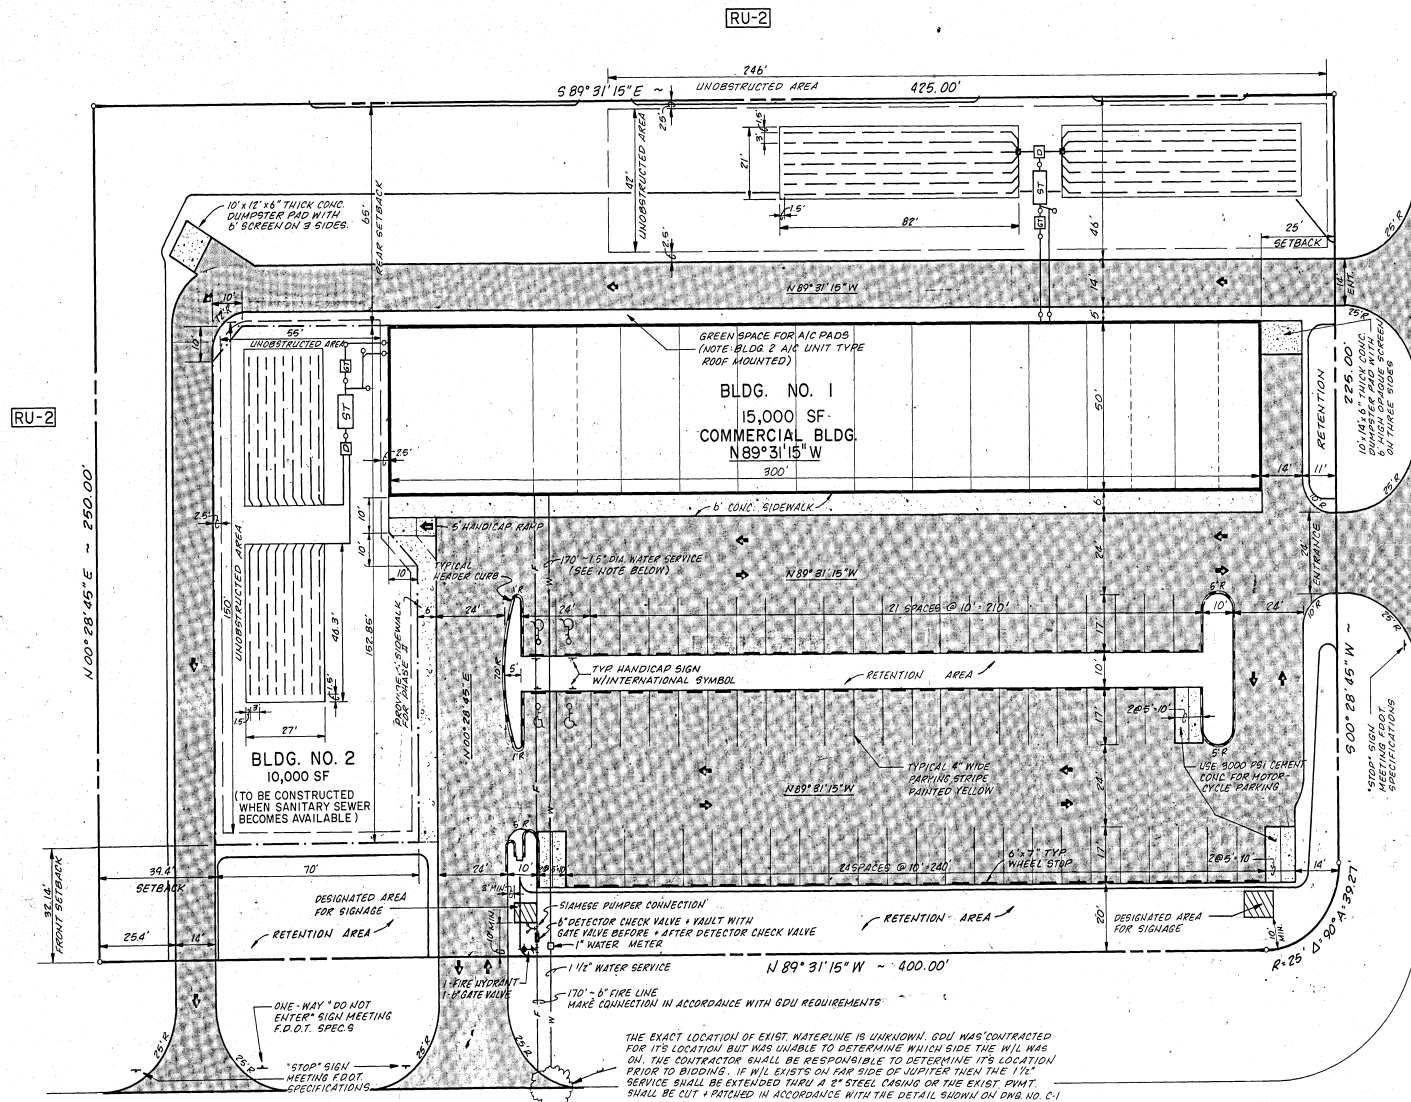

1. The contractor shall be responsible to furnish all material and labor to construct the facility as shown and described and in conformance with the City of Palm Bay's Specifications and requirements. Where the contractor is required to bid or to determine existing conditions, he shall clear and grub all areas unless otherwise indicated, removing trees, stumps, roots, muck and all other deleterious material.
2. The exact locations of existing utilities are unknown. The contractor shall field verify the exact location of all existing utilities prior to bidding by notifying the utility company to locate their utilities. If field verification is not possible, he shall be responsible to replace any utility damaged, resulting from his construction at his own expense. Point of connection of all utilities shall be made five feet from the outside of the building.
3. The contractor shall be responsible to obtain all required construction permits and bonds prior to construction.
4. Boundary and topographic survey information was provided by the county as prepared by Hugh S. Bell. The survey information is based on National Geodetic Vertical Datum of 1929 and according to Community Panel # 120404 0020 A, Panel 20 of 30, Dated Sept. 3, 1980, this property lies in Flood Zone "C".
5. The requirements of the General Development Utilities Standard Specifications and Standard Details shall govern all utilities installed where a specific exists. The requirements of a referenced material or installation standard, the requirements of General Development Utilities shall prevail. Where the requirements of a State or local agency having jurisdiction are more stringent, those requirements shall prevail.
6. The contractor shall have available at the job site, at all times, one copy of General Development Utilities Standard Specifications and Standard Details, one copy of the Contract Documents including Plans, Specifications and Special Provisions, and copies of any required construction permits.
7. Any discrepancies on the drawings shall be brought to the attention of the Engineer before commencing work. No field changes or deviations from design to be made without prior approval of the Engineer.
8. The contractor shall contact all concerned utilities at least 48 hours in advance of construction operations.
9. All copies of compaction, concrete, and other required test results are to be sent to the City Site Inspector directly from the Testing Agency.
10. The contractor is responsible to provide a hard packed access to all areas of the building before and during construction. The access is to be maintained free and clear at all times.
11. Any lighting should be directed so that it is not a nuisance to the residential areas to the North and West.
12. The air conditioner units for Building No. 1 shall be placed within the green space between the building and the pavement. The Future Building shall have roof mounted

- PAVING, GRADING & DRAINAGE NOTES:

1. All unpaved areas in existing right of way disturbed by construction shall be graded and sodded.
2. Traffic control on all County and State Highway right of ways shall meet the requirements of the manual of Uniform Traffic Control Devices (U.S. DOT/FHA) and the requirements of the State and any local agency having jurisdiction.
3. The contractor shall grade the site to the elevations indicated and shall regrade washouts where they occur after every rainfall until a grass stand is well established.
4. All open areas within the project site shall be sodded as indicated on the Landscaping Plan. The sides of all retention areas and embankment shall be sodded. The bottom of the retention areas shall be seeded and mulched.
5. The contractor shall grade around existing trees designated to remain and maintain a 5' undisturbed area around the trunk. The remainder of the site shall be cleared and grubbed by removing all trees, shrubs, stumps, roots, muck and other deleterious material and filling in. All fill material used on site shall be void of stumps, roots, muck and all other deleterious materials.
6. All concrete used on site shall have a minimum compressive strength of 3,000 psi in 28 days. All concrete sidewalks shall have control joints cut on 5' centers and expansion joints placed on 25' centers.
7. All corrugated metal pipe shall be bituminous coated in accordance with F.O.D.'s Standard Specification's, Section 943 and installed in accordance with the City of Palm Bay's latest requirements.
8. All areas indicated as pavement shall be constructed in accordance with the typical pavement section as indicated on the drawing's.
9. Where existing pavement is to be removed and replaced the Contractor shall saw cut and dig for a smooth and straight joint and replace the pavement with the same type and depth of material as adjacent or as indicated.
10. Where new pavement meets the existing pavement, the Contractor's shall saw cut the existing pavement for a smooth and straight joint and match the existing pavement elevation with the proposed pavement.
11. The contractor shall paint direction arrows and parking stripes conforming with F.O.D.'s Standard Specifications, Sections 710

1 and 2.

**Septic Tank Notes:**

The septic tank and drainfield system shall be constructed in accordance with the Department of Health and Rehabilitative Services requirements and approved by Chapter 10-54 and the on-site sewage disposal permit.

**Septic Tank System to the West of Building No. 1**

Item	Value
Total Area (Building No. 1)	15,000 SF
Area of Building (Conference Room / Office & Retail)	5,000 SF
Total Floor	2,000 GPD
Drainfield Loading Rate	2,000 GPD
Drainfield Area	2,000 SF
Factor of Safety	1.25
Total Drainfield Required	2,500 SF
Unconstructed Area Required	2,500 SF
Unconstructed Area Provided	8,800 SF

**Septic Tank System to the North of Building No. 1**

Item	Value
Area of Building (Restaurant / Office & Retail)	10,000 SF
Total Floor	2,750 GPD
Drainfield Loading Rate	2,750 GPD
Drainfield Area	2,750 SF
Factor of Safety	1.25
Total Drainfield Required	3,437 SF
Unconstructed Area Required	3,437 SF
Unconstructed Area Provided	10,230 SF

**Design:**

Item	Value
Grease Trap Size	1,200 GPD
Septic Tank Size	2,700 GPD
Drainfield Area	2,500 SF

**GENERAL STATEMENT:**

A 15,000 SF single story retail sales shopping center is being proposed for site plan approval. The project site is zoned C-1 with contiguous zoning of R-12 to the North and to the West. Future expansion of 10,000 SF will be constructed when sanitary sewer becomes available to the site.

**LEGAL DESCRIPTION:**

Tract "A", Block 395, Port Malabar Unit Ten, as recorded in Plat Book 15, Page 10 of the Public Records of Broward County, Florida.

**DATA TABLE:**

Item	Value
Grease Storage	2.44 Ac.
Grease Storage Footage	105,120 SF
Density	105.120 SF
Floor Area	15,000 SF

# GENERAL CONSTRUCTION NOTES:

- The contractor shall be responsible to furnish all material and labor to construct the facility as shown and described and in accordance with the City of Palm Bay's Specifications and requirements. He shall visit the site prior to bidding to determine existing conditions. He shall clear and grub all areas unless otherwise indicated, removing trees, stumps, roots, muck and all other deleterious material.
- The exact locations of existing utilities are unknown. The contractor shall field verify the exact location of all existing utilities prior to bidding by notifying the utility company to locate their utilities or field verification. He shall be responsible to replace any utility damaged, resulting from his construction at his own expense. Point of connection of all utilities shall be made five feet from the outside of the building.
- The contractor shall be responsible to obtain all required construction permits and bonds prior to construction.
- Boundary and topographic survey information was provided by the owner as prepared by Hugh J. Smith Surveyors. Elevations are based on National Geodetic Vertical Datum of 1989 and according to Community Panel # 120404 0000 A, Panel 20 of 30, Dated Sept. 3, 1980, this property lies in Flood Zone "C".
- The requirements of the General Development Utilities Standard Specifications and Standard Details shall govern all utilities work. Where a conflict exists in the requirements of a referenced material or installation standard, the requirements of General Development Utilities shall prevail. Where the requirements of a State or local agency having jurisdiction are more stringent, those requirements shall prevail.
- The contractor shall have available at the job site, at all times, one copy of General Development Utilities Standard Specifications and Standard Details, one copy of the Contract Documents including Plans, Specifications and Special Provisions, and copies of any required construction permits.
- Any discrepancies on the drawings shall be brought to the attention of the Engineer before commencing work. No field changes or deviations from design to be made without prior approval of the Engineer.
- The contractor shall contact all concerned utilities at least 48 hours in advance of construction operations.
- All copies of compaction, concrete, and other required test results are to be sent to the City Site Inspector directly from the Testing Agency.
- The contractor is responsible to provide a hard packed access to all areas of the building before and during construction. The access is to be maintained free and clear at all times.
- Any lighting should be directed so that it is not a nuisance to the residential areas to the North and West.
- The air conditioner units for Building No. 1 shall be placed within the green space between the building and the pavement. The future Building shall have roof mounted compressor.

## PAVING, GRADING & DRAINAGE NOTES:

- All unpaved areas in existing right of way disturbed by construction shall be regraded and sodded.
- Traffic control on all County and State highway right of way shall meet the requirements of the manual of Uniform Traffic Control Devices (U.S. DOT/THA) and the requirements of the State and any local agency having jurisdiction.
- The contractor shall grade the site to the elevations indicated and shall regrade washouts where they occur after every rainfall until a grass stand is well established.
- All open areas within the project site shall be sodded as indicated on the Landscaping Plan. The sides of all retention areas and swales shall be sodded. The bottom of the retention areas shall be seeded and mulched.
- The contractor shall grade around existing trees designated to remain and maintain a 5' undisturbed area around the trunk. The remainder of the site shall be cleared and grubbed by removing all trees, shrubs, stumps, roots, muck and other deleterious material prior to filling. All fill material used on site shall be void of stumps, roots, muck and all other deleterious materials.
- All concrete used on site shall have a minimum compressive strength of 3,000 psi in 28 days. All concrete sidewalks shall have control joints cut on 5' centers and expansion joints placed on 25' centers.
- All corrugated metal pipe shall be bituminous coated in accordance with F.O.D.T.'s Standard Specification's, Section 943 and installed in accordance with the City of Palm Bay's latest requirements.
- All areas indicated as pavement shall be constructed in accordance with the typical pavement section as indicated on the drawing's.
- Where existing pavement is to be removed and replaced the Contractor shall saw cut 2" deep for a smooth and straight joint and replace the pavement with the same type and depth of material as adjacent or as indicated.
- Where new pavement meets the existing pavement, the Contractor's shall saw cut the existing pavement for a smooth and straight joint and match the existing pavement elevation with the proposed pavement.
- The contractor shall paint direction arrows and parking stripes conforming with F.O.D.T.'s Standard Specifications, Sections 710 & 971.

**§ 185.042 NC — NEIGHBORHOOD COMMERCIAL DISTRICT.**

(A) *Intent.* The purpose of the neighborhood commercial district shall be to provide areas within Palm Bay which are deemed to be uniquely suited for the development and maintenance of limited commercial activities offering convenience goods and personal services to residents of the surrounding neighborhood area. Development standards and provisions are established to ensure the proper development and location of uses and services deemed appropriate within the district; to reduce conflicts with adjacent residential uses, and to minimize the interruption of traffic along adjacent thoroughfares.

(B) *Principal uses and structures.* The following uses and structures are permitted.

(1) Retail stores, sales, and display rooms (not including automotive, lumber and building supply, and similar uses) containing less than five thousand (5,000) square feet of floor area.

(2) Personal service establishments such as beauty and barber, laundry and dry cleaning pick-up stations, and the like.

(3) Professional offices, studios, clinics, general offices, government office, business schools and similar uses containing less than five thousand (5,000) square feet of floor area.

(4) Schools, libraries, and churches.

(5) Day care centers containing less than five thousand (5,000) square feet of floor area.

(6) Restaurant, not including drive-through facilities and containing less than five thousand (5,000) square feet of floor area.

(7) Public utility equipment, facilities and uses located on one-half ( $\frac{1}{2}$ ) acre or less of contiguous land.

(8) Banks and financial institutions without drive-through facilities.

(9) Public uses.

(10) Veterinarian clinics provided all activities are within the principal structure and there is no boarding of animals.

(11) Small Event Spaces containing less than five thousand (5,000) square feet of floor area, which are solely confined to indoor spaces with their occupancy being subject to applicable Building and Fire Codes.

(C) *Accessory uses and structures.* Customary accessory uses of one (1) or more of the principal uses clearly incidental and subordinate to the principal use, in keeping with the low intensity commercial character of the district. All storage shall be in an enclosed structure.

(D) *Conditional uses:*

(1) Retail automotive gas/fuel sales:

(a) Access. Retail automotive gas/fuel sales establishments shall be located on arterial roadways, at a signalized intersection of a major road collector, or on corner lots at intersections of collector streets or higher functional classification as identified in the adopted Palm Bay Comprehensive Plan. No more than two (2) corner lots at any one (1) intersection shall be used for retail gasoline or automotive fuel sales. No driveway or access shall be permitted within one hundred (100) feet from an intersection of collector streets or higher functional classification.

(b) Minimum street frontage: one hundred and fifty (150) feet on each abutting street.

(c) Location of facilities. Gasoline/ fuel pumps, storage tanks and other service island equipment shall be at least twenty (20) feet from all property lines, fifteen (15) feet from any building and one hundred (100) feet from the nearest residentially zoned land. No gasoline/fuel pump, storage tank or other equipment shall be located closer than one thousand (1,000) feet from any municipal or public supply well.

(d) No fuel pump and tank installation shall have more than four (4) pump islands nor more than eight (8) pumps.

(e) Tank storage: Underground storage required for all receptacles for combustible materials in excess of two hundred (200) gallons.

(f) The proposed use will not constitute a nuisance or hazard because of vehicular traffic movement, delivery of fuel movement, noise or fume generation.

(g) Signs, if any, and proposed exterior lighting will be so designed and arranged so as to promote traffic safety and to eliminate or minimize any undue glare, incompatibility or disharmony with adjoining properties.

(h) Development and operation of the fuel pumps and attendant storage tanks shall be in compliance with §§176.01 et seq. of this code of ordinances.

(2) Banks and financial institutions with drive-through facilities with the following condition: The proposed site fronts on an arterial road or at the intersection of collector streets or higher functional classification.

(3) Restaurants with drive-through facilities and restaurants that allow patrons to dance to music, subject to the provisions set forth in § 185.088(I).

(4) Indoor commercial recreation and amusement such as batting cages, miniature vehicle racetracks and similar uses,

fitness centers and other indoor health, recreational, and similar facilities for exercise, sports, and other physical activities containing less than five thousand (5,000) square feet of floor area. Outdoor recreation uses must be related to the indoor recreation use and require a site plan approval.

(5) Public utility equipment, facilities and uses located on sites greater than one-half ( $\frac{1}{2}$ ) acre in size.

(6) Eating establishments licensed by the Division of Hotels and Restaurants of the Department of Business and Professional Regulation licensed as a restaurant that serve alcohol.

(7) Retail stores, sales, and display rooms (not including automotive, lumber and building supplies) and similar uses occupying more than five thousand (5,000) square feet of gross floor.

(8) Professional offices, studios, clinics, general offices, government offices, business schools and similar uses occupying more than five thousand (5,000) square feet of gross floor area.

(9) Day care centers occupying more than five thousand (5,000) square feet of gross floor area.

(E) *Prohibited uses and structures:*

(1) All uses not specifically or provisionally permitted herein.

(2) Corrections facilities.

(3) Arcade amusement centers.

(4) Pain-management clinic.

(5) Electronic gaming establishments.

(F) *Lot and structure requirements:*

(1) Minimum lot area — ten thousand (10,000) square feet.

(2) Minimum lot width — one hundred (100) feet.

(3) Minimum lot depth — one hundred (100) feet.

(4) Maximum building coverage — thirty percent (30%).

(5) Minimum floor area — three hundred (300) square feet.

(6) Maximum height — twenty-five (25) feet.

(7) Minimum yard requirements:

(a) Front — thirty (30) feet minimum building setback. Parking areas may be located in the front yard except within ten (10) feet of the front lot line.

(b) Side interior — ten (10) feet minimum building setback. Parking areas may be located in the side yard, except within five (5) feet of the side lot line. Side yards abutting residentially zoned property shall maintain a twenty-five (25) foot minimum setback for all buildings and parking.

(c) Side corner — twenty-five (25) feet minimum building setback. Parking areas may be located in the side corner yard, except within ten (10) feet of any public or private street.

(d) Rear — twenty-five (25) feet minimum building and parking area setback; ten (10) feet when abutting a dedicated alley.

(8) Shared access and parking areas.

(a) No side interior building and parking area setbacks are required provided all of the following are met:

1. Buildings on adjacent parcels, under separate ownership, are joined by a common wall;

2. Parking areas and aisles are joined with adjacent parcel(s) under separate ownership;

3. Curb cuts and driveways on principal roadways (collector and arterial streets) are shared in common by all parcels involved and a minimum spacing of one hundred and fifty (150) feet is maintained; or access is provided by an approved frontage road;

4. Easements and/or written assurances of cross access and a sharing of common facilities (stormwater system, solid waste container(s), lighting, landscaping, etc.), as may be applicable, from all property owners involved must be approved prior to the issuance of a building permit.

(b) No interior side parking area setbacks are required provided the requirements of divisions 2. through 4. above are met.

(c) For adjacent developments meeting the requirements of divisions 2. through 4. above, the total number of off-street parking spaces required for uses on all parcels involved may be reduced by ten percent (10%) where the location of shared parking areas provides convenient access to all principal buildings.

(9) A six (6) foot high completely opaque masonry wall, or wood fence shall be provided along the entire length of any side or rear property line abutting property zoned residential. Landscaping shall be provided in accordance with the landscape requirements of this chapter.

(10) *Design requirements.*

(a) An Architectural Style for each structure is required. This shall include adherence to all standards contained in § 185.134.

## 2021 Florida Statutes (Including 2021B Session)

### Title XXXIV ALCOHOLIC BEVERAGES AND TOBACCO

#### Chapter 562 BEVERAGE LAW: ENFORCEMENT

##### SECTION 45

**Penalties for violating Beverage Law; local ordinances; prohibiting regulation of certain activities or business transactions; requiring nondiscriminatory treatment; providing exceptions.**

**562.45 Penalties for violating Beverage Law; local ordinances; prohibiting regulation of certain activities or business transactions; requiring nondiscriminatory treatment; providing exceptions. —**

(1) Any person willfully and knowingly making any false entries in any records required under the Beverage Law or willfully violating any of the provisions of the Beverage Law, concerning the excise tax herein provided for shall be guilty of a felony of the third degree, punishable as provided in s. [775.082](#), s. [775.083](#), or s. [775.084](#). It is unlawful for any person to violate any provision of the Beverage Law, and any person who violates any provision of the Beverage Law for which no penalty has been provided shall be guilty of a misdemeanor of the second degree, punishable as provided in s. [775.082](#) or s. [775.083](#); provided, that any person who shall have been convicted of a violation of any provision of the Beverage Law and shall thereafter be convicted of a further violation of the Beverage Law, shall, upon conviction of said further offense, be guilty of a felony of the third degree, punishable as provided in s. [775.082](#), s. [775.083](#), or s. [775.084](#).

(2)(a) Nothing contained in the Beverage Law shall be construed to affect or impair the power or right of any county or incorporated municipality of the state to enact ordinances regulating the hours of business and location of place of business, and prescribing sanitary regulations therefor, of any licensee under the Beverage Law within the county or corporate limits of such municipality. However, except for premises licensed on or before July 1, 1999, and except for locations that are licensed as restaurants, which derive at least 51 percent of their gross revenues from the sale of food and nonalcoholic beverages, pursuant to chapter 509, a location for on-premises consumption of alcoholic beverages may not be located within 500 feet of the real property that comprises a public or private elementary school, middle school, or secondary school unless the county or municipality approves the location as promoting the public health, safety, and general welfare of the community under proceedings as provided in s. [125.66](#)(4), for counties, and s. [166.041](#)(3)(c), for municipalities. This restriction shall not, however, be construed to prohibit the issuance of temporary permits to certain nonprofit organizations as provided for in s. [561.422](#). The division may not issue a change in the series of a license or approve a change of a licensee's location unless the licensee provides documentation of proper zoning from the appropriate county or municipal zoning authorities.

(b) Nothing in the Beverage Law shall be construed to affect or impair the power or right of any county or incorporated municipality of the state to enact ordinances regulating the type of

entertainment and conduct permitted in any establishment licensed under the Beverage Law to sell alcoholic beverages for consumption on the premises, or any bottle club licensed under s. [561.14](#), which is located within such county or municipality.

(c) A county or municipality may not enact any ordinance that regulates or prohibits those activities or business transactions of a licensee regulated by the Division of Alcoholic Beverages and Tobacco under the Beverage Law. Except as otherwise provided in the Beverage Law, a local government, when enacting ordinances designed to promote and protect the general health, safety, and welfare of the public, shall treat a licensee in a nondiscriminatory manner and in a manner that is consistent with the manner of treatment of any other lawful business transacted in this state. Nothing in this section shall be construed to affect or impair the enactment or enforcement by a county or municipality of any zoning, land development or comprehensive plan regulation or other ordinance authorized under ss. 1, 2, and 5, Art. VIII of the State Constitution.

Re: Application #05-48-2876619

Dear Client:

The Florida Department of Health - Brevard County Environmental Health Services has completed a Food Service plan review for the proposed facility located at 3085 Jupiter Blvd SE Unit 10 Palm Bay, FL 32909. Your site plan is **APPROVED** with the following stipulations:

- No food prep. sink activities
- No PHF/TCS food preparation
- Prepackaged/Pre-portioned Only
- Single Service Only

**NOTE:** Material modifications to this plan will require an additional Environmental Health Services review and approval **PRIOR** to any changes.

The above approval is for your plan review **only**. Prior to beginning your initial operations, you must contact this department to request your pre-opening inspection and pay permitting fees. A passing inspection and receipt of your Department of Health Operating Permit is required prior to opening.

### **NOTICE OF RIGHTS**

A party whose substantial interest is affected by this order may petition for an administrative hearing pursuant to sections 120.569 and 120.57, Florida Statutes. Such proceedings are governed by Rule 28-106, Florida Administrative Code. A petition for administrative hearing must be in writing and must be received by the Agency Clerk for the Department, within twenty-one (21) days from the receipt of this order. Your failure to submit a petition for hearing within 21 days from receipt of this action will constitute a waiver of your right to an administrative hearing, and this action shall become final.

If you have any questions, please feel free to contact me at (321) 615-9380.

Sincerely,

  
LeeAnn Latford  
Environmental Specialist I

## CITIZEN PARTICIPATION PLAN REPORT

03/10/24

### COMMENTS

On this Sunday, March 10th 2024, I, Luckenson Charite, note that on March 10th 2024 that a Cpp meeting was coordinated for citizens *requesting a Conditional Use for an Event Hall* around 500 radius ft from Kasika to 3085 Jupiter Blvd Se Palm Bay 32909 from 4 p.m. to 4:30 p.m.

However, 62 neighbors were physically touched by this invitation ten days in advance via USPS.

Now, this Sunday, March 10th in Kasika's premises at 4:40 p.m. I notice that none of his neighbors are present at this meeting and I received only one phone call from a neighbor Mrs Juny Denunzio by saying she is out of town.

This observation is made by me (Luckenson Charite) who is writing this note today March 10th 2024 / 4:40 pm at Kasika 3085 Jupiter Blvd Se Unit 10 Palm Bay 32909.

Sincerely,

Luckenson Charite  
Owner of Kasika

CITY OF PALM BAY, FLORIDA  
NOTICE OF PUBLIC HEARING  
Notice is hereby given that a public hearing will be held by the Planning and Zoning Board/Local Planning Agency on July 16, 2024, and by the City Council on July 18, 2024, both to be held at 6:00 p.m., in the City Hall Council Chambers, 120 Malabar Road SE, Palm Bay, Florida, for the purpose of considering the following case(s):

1. **\*\*PS23-00009** – Suresh Gupta, Kimaya, LLC (Jake Wise, P.E., Construction Engineering Group, LLC, Rep.)

A Preliminary Subdivision Plan to allow for a proposed 14-lot commercial subdivision to be known as Palm Bay Pointe East.

Portions of Lots 12 through 21, Cape Kennedy Groves Unit 9, Section 10, Township 30, Range 37 along with portions of Tracts 500, 501, and 752, Section 3, Township 30, Range 37, Brevard County, Florida, containing approximately 42.95 acres. Located east of and adjacent to Babcock Street SE, north and south of St. Johns Heritage Parkway SE.

2. **\*\*PS23-00011** – Vishal Gupta, Kimaya, LLC (Jake Wise, P.E., Construction Engineering Group, LLC, Rep.)

A Preliminary Subdivision Plan to allow for a mixed-use subdivision containing 668 multiple-family residential units and 16 commercial parcels to be known as Palm Bay Pointe West.

Tax Parcels 1, 500, 4, 750, 751, and 5, along with Tracts SM-2 and OS1 of Waterstone Plat One P.U.D., all in Sections 3 and 4, Township 30, Range 37, Brevard County, Florida, containing approximately 84.75 acres. Located west of and adjacent to Babcock Street SE, north and south of St. Johns Heritage Parkway SE.

3. **\*\*V24-00003** – Grapefruit League Land Group LLC, Gerard O'Halloran (Jake Wise, P.E., Construction Engineering Group, Rep.)

A Variance to allow a proposed parking area to encroach 9.5 feet into the 25-foot rear parking setback, as established by Section 185.042(F)(7)(d) of the Palm Bay Code of Ordinances.

Tract I, Port Malabar Unit 44, Section 22, Township 28, Range 36, Brevard County, Florida, containing approximately 9.18 acres. Located south of and adjacent to Emerson Drive NW, in the vicinity west of Glencove Avenue NW.

4. **\*\*V24-00004** – Grapefruit League Land Group LLC, Gerard O'Halloran (Jake Wise, P.E., Construction Engineering Group, Rep.)

A Variance request to allow a proposed 30-foot-high structure to exceed the 25-foot maximum height requirement by 5 feet, as established by Section 185.042(F)(6) of the Palm Bay Code of Ordinances.

Tract I, Port Malabar Unit 44, Section 22, Township 28, Range 36, Brevard County, Florida, containing approximately 9.18 acres. Located south of and adjacent to Emerson Drive NW, in the vicinity west of Glencove Avenue NW.

5. **\*\*CU24-00001** – 3085 Jupiter LLC, (Kasik Heritage Corp., Rep.)

A Conditional Use request to allow for proposed alcohol service at an eating establishment in accordance with Section 185.042(D)(6) of the Palm Bay Code of Ordinances.

Tract L, Port Malabar Unit 10, Section 6, Township 29, Range 37, Brevard County, Florida, containing approximately 2.44 acres. Located northwest of and adjacent to the intersection of Jupiter Boulevard SE and Elatron Boulevard SE, specifically at 3085 Jupiter Boulevard SE, Units 10 and 11.

6. **\*\*PS24-00001** – Chaparral Properties, LLC (Jake Wise, P.E., Construction Engineering Group, LLC, Rep.)

A Preliminary Subdivision Plan for a proposed 522-lot residential subdivision to be known as Chaparral P.U.D. Phases 4A & B and 5A & B.

Tax Parcels 750, 751, 752, and 753 of Section 04, Township 29, Range 36, along with Tax Parcels 3 and 4 of Section 09, Township 29, Range 36, Brevard County, Florida, containing approximately 160.51 acres. Located south of Malabar Road SW, in the vicinity south of Abilene Drive SW.

7. **\*\*FS23-00016** – Chaparral Properties, LLC (Jake Wise, P.E., Construction Engineering Group, LLC, Rep.)

A Final Plat approval for a proposed 167-lot residential subdivision to be known as Chaparral P.U.D. Phase Four A.

Tax Parcels 750, 751, 752, and 753 of Section 04, Township 29, Range 36, along with Tax Parcels 3 and 4 of Section 09, Township 29, Range 36, Brevard County, Florida, containing approximately 160.51 acres. Located south of Malabar Road SW, in the vicinity south of Abilene Drive SW.

**\*\*Indicates** quasi-judicial request(s).

If an individual decides to appeal any decision made by the Planning and Zoning Board/Local Planning Agency or the City Council with respect to any matter considered at this meeting, a record of the proceedings will be required and the individual will need to ensure that a verbatim transcript of the proceedings is made, which record includes the testimony and evidence upon which the appeal is based (FS 286.0105). Such person must provide a method for recording the proceedings verbatim.

Please contact the Palm Bay Land Development Division at (321) 733-3041 should you have any questions regarding the referenced cases.
