

13. Consideration of reallocating year-end savings from Fiscal Year 2024 to procure a Camera Truck (\$500,000) and a replacement Fleet Service Truck (\$225,000).

LEGISLATIVE MEMORANDUM

TO: Honorable Mayor and Members of the City Council

FROM: Suzanne Sherman, City Manager

THRU: Valentino Perez, Public Works Director

DATE: October 17, 2024

RE: Consideration of reallocating year-end savings from Fiscal Year 2024 to procure a Camera Truck (\$500,000) and a replacement Fleet Service Truck (\$225,000).

SUMMARY:

At the end of Fiscal Year 24 Public Works had budgetary savings in stormwater and Fleet in the amount of \$500,000 and \$225,000 respectively. These amounts were transferred to the different capital accounts through budget transfer #167 for the purchase of one Camera Truck and one replacement Fleet Service Truck. Due to conflicting issues with getting the contract for the items being procured, the purchase orders could not be processed in time before the year-end deadline. Consequently, the appropriated funding was returned to undesignated fund balance at year end closing.

The Public Works Department is seeking approval to reappropriate FY24 end of year savings in the amount of \$500,00 from Stormwater Undesignated Fund Balance and \$225,000 from Fleet Services Undesignated Fund Balance towards the purchase of the Operations Camera Truck via H-GAC Cooperative Agreement Contract and the Fleet Services Truck via Sourcewell Contract # 032824-RTG.

If approved, the Stormwater Camera Truck will be a highly efficient approach to the City's Stormwater System Management. It will allow for accurate identification of issues without the need for extensive excavation.

Stormwater inspection is a critical process that involves assessing and evaluating the City's stormwater management systems to ensure they are functioning properly. However, Stormwater structure inspections can be grueling work. Currently, the City's inspection staff and Ops Crew conduct stormwater inspections with handheld cameras by laying on the ground or getting in swales, ditches or canals to inspect pipes or structures. Typically, it is very difficult to see or inspect more than four or five feet into a pipe or structure to accurately determine if there are issues like blockages, structural damage, or pollutants.

The staff can utilize the camera truck to visualize the interior of stormwater structures such as catch basins, inlet boxes, baffle boxes, and different types and sizes of stormwater pipes in real time and have a proactive approach for timely intervention and preventing minor issues from developing into major and costly repairs.

The staff can use the video footage obtained during stormwater structure inspections to recommend targeted solutions for any identified problems and take a proactive approach to planning, budgeting and monitoring the stormwater structures. The video footage can also serve as valuable documentation for insurance claims and regulatory compliance or be stored for future use.

If approved, the Fleet Service Crane Truck will replace 20-year-old service truck asset #6605, which has long passed its useful life. The truck is currently used as an on-call road service truck for all the City's Departments. The truck has rust, damaged bins, and very poor fuel economy. It does not have a crane, which makes it difficult to service large equipment, especially fire apparatus. The truck cannot be relied upon to fill the demands of the City's ever-growing fleet.

The replacement Fleet Service Truck will have a crane, which can facilitate the lifting and maneuvering of tools and equipment required at a job site. The ability to both lift and transport heavy materials using one piece of lifting equipment allows the City to cut back on additional machinery and manpower thus being more efficient and cost-effective.

REQUESTING DEPARTMENTS:

Public Works

FISCAL IMPACT:

Upon Council approval, funds in the amount of \$500,000 will be transferred from Stormwater Undesignated Fund Balance account 461-0000-392.30-06 to account 461-7083-538-6403 to procure the Stormwater Camera Truck and funds in the amount of \$225,000 from Fleet Services Undesignated Fund Balance account 521-0000-392.30-06 to account 521-7070-519-6403 to procure the Fleet Service Truck and accessories.

STAFF RECOMMENDATION:

Motion to approve the purchase of one (1) Camera Truck and one (1) Replacement Fleet Service Truck.

Contractor must notify H-GAC of price decreases in the same way as for price increases set out below. The price decrease shall become effective upon H-GAC's receipt of Contractor's notice. If Contractor routinely offers discounted contract pricing, H-GAC may request Contractor accept amended contract pricing equivalent to the routinely discounted pricing.

Price Increase

Contractors may request a price increase for items priced as Base Bid items and Published Options. The amount of any increase will not exceed actual documented increase in Contractor's Direct Cost and will not exceed 10% of the previous bid price. Considerations on the percentage limit will be given if the price increase is the result of increased tariff charges or other governmental actions, or other economic factors. Manufacturer price/contract changes involving the sale of motor vehicles will be considered and may be allowed during the entire contract

period subject to submission and verification of the proper documentation required for a contract change as referenced in this section.

Price Changes

Any permanent increase or decrease in offered pricing for a base contract item or published option is considered a price change. Temporary increases in pricing by whatever name (e.g., 'surcharge', 'adjustment', 'equalization charge', 'compliance charge', 'recovery charge', etc.), are also considered to be price changes.

For published catalogs and price sheets as part of an H-GAC contract, requests to amend the contract to reflect any new published catalog or price sheet must be submitted whenever the manufacturer publishes a new document. The request must include the new catalog or price sheet. All Products shall, at time of sale, be equipped as required under any then current applicable local, state, and federal government requirements. If, during any contract, changes are made to any government requirements which cause a manufacturer's costs of production to increase, Contractor may increase pricing to the extent of Contractor's actual cost increase. The increase must be substantiated with support documentation acceptable to H-GAC prior to taking effect. Modifications to a Product required to comply with such requirements which become effective after the date of any sale are the responsibility of the Customer.

Requesting Price Increase/Required Documentation

Contractor must submit a written overview of changes requested and reasons for the request, stating the amount of the increase, along with an itemized list of any increased prices, showing the Contractor's current price, revised price, the actual dollar difference and the percentage of the price increase by line item. Price change requests must be supported with substantive documentation (e.g., notices from suppliers and manufacturers of pricing changes in products, components, transportation, raw materials or commodities, and/or product availability, copies of invoices from suppliers, etc.) clearly showing that Contractor's actual costs have increased per the applicable line-item bid. The Producer Price Index (PPI) may be used as partial justification, subject to approval by H-GAC, but no price increase based solely on an increase in the PPI will be allowed. This documentation should be submitted in Excel format to facilitate analysis and updating of the website. The letter and documentation must be sent to Lead Program Coordinator, james.glover@h-gac.com.

Review/Approval of Requests

If H-GAC approves the price increase, Contractor will be notified in writing; no price increase will be effective until Contractor receives this notice. If H-GAC does not approve Contractor's price increase, Contractor may terminate its performance upon sixty (60) days advance written notice to H-GAC, however Contractor must fulfill any outstanding Purchase Orders. A CUSTOMER/END USER is a state agency, county, municipality, special district, or other political subdivision of a state, or a qualifying non-profit corporation (providing one or more governmental function or service that possess legal authority to enter into the Contract. The term of the EUA may exceed the term of the current H-GAC Master Agreement.

Contractor agrees not to offer, agree to or accept from the CUSTOMER/END USER, any terms or conditions that conflict with those in Contractor's Master Agreement with H-GAC. Contractor affirms that termination of its Master Agreement with H-GAC for any reason shall not result in the termination of any underlying EUA, which shall in each instance, continue pursuant to the EUA's stated terms and duration. Pursuant to the terms of this Master Agreement, termination of this Master Agreement will disallow the Contractor from entering into any new EUA with CUSTOMER/END USER. Applicable H-GAC order processing charges will be due and payable to H-GAC on any EUAs, surviving termination of this Master Agreement between H-GAC and Contractor.

Contractor shall provide the same prices, warranties, benefits, or terms to H-GAC and its CUSTOMER/END USER as provided in its most favorable past Master Agreement. H-GAC shall have the right and option at any time to decline to accept any such change, in which case the amendment shall be deemed null and void. If Contractor claims that a more favorable price, warranty, benefit, or term that was charged or offered to another entity during the term of this Master Agreement, does not constitute more favorable treatment, than Contractor shall, within ten (10) business days, notify H-GAC in writing, setting forth the detailed reasons Contractor believes the aforesaid

offer is not in fact most favored treatment. H-GAC, after due consideration of Contractor's written explanation, may decline to accept such explanation and thereupon this Master Agreement between H-GAC and Contractor shall be automatically amended, effective retroactively, to the effective date of the most favored Master Agreement, to provide the same prices, warranties, benefits, or terms to H-GAC and the CUSTOMER/END USER.

Further, Contractor agrees to encourage entities who are not members of H-GAC's Cooperative Purchasing Program to execute an H-GAC Interlocal Master Agreement. Contractor and any potential subcontractors have a duty to and shall pay the prevailing wage rate under the Davis-Bacon Act, 40 U.S.C. 276a – 276a-5, as amended, and the regulations adopted thereunder contained in 29 C.F.R. pt. 1 and 5.

ARTICLE 27: CONTRACT WORK HOURS AND SAFETY STANDARDS

As per the Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708), where applicable, all CUSTOMER/END USER Purchase Orders in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer, on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

ARTICLE 28: PROFIT AS A SEPARATE ELEMENT OF PRICE

For purchases using federal funds more than the current Simplified Acquisition Threshold of \$250,000, requires negotiation of profit as a separate element of the price. See, 2 CFR 200.324(b). Contractor agrees to provide information and negotiate regarding profit as a separate element of the price for the purchase. Contractor also agrees that the total price, including profit, charged by Contractor will not exceed the awarded pricing, including any applicable discount, under any awarded contract.

Byrd Anti-Lobbying Amendment (31 U.S.C. 1352) – Contractors that apply or bid for an award exceeding \$100,000 must file the required anti-lobbying certification. Each tier must certify to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier, up to the CUSTOMER/END USER. As applicable, Contractor agrees to file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 USC 1352). Contractor certifies that it is currently in compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352) and will continue to be in compliance throughout the term of the Contract and further certifies that:

1. No Federal appropriated funds have been paid or will be paid by or on behalf of the Contractor, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection

with the awarding of a Federal contract, the making of a Federal Grant, the making of a Federal Loan, the entering into a cooperative Master Agreement, and the extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative Master Agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing, or attempting to influence, an officer or employee of a Member of Congress in connection with a Federal contract, grant, loan, or cooperative Master Agreement, Contractor shall complete and submit Standard Form – LLL, “Disclosure Form to Report Lobbying”, in accordance with its instructions.
3. Contractor shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative Master Agreements) and that all subcontractors shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certificate is a prerequisite for making or entering into this transaction imposed by Section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Customer's sole and exclusive remedy, and Dealer's entire liability, under the Services Warranty is the repair of any nonconforming portion of the Services. DEALER PROVIDES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, CONCERNING ITS SERVICES. The Services Warranty is strictly limited to Services performed by Dealer for Customer. Dealer does not warrant any services provided by any third-party, including but not limited to installation, upfitting or conversion services. Any warranties are solely those that are provided by the third-party service provider.

NO OTHER WARRANTIES. EXCEPT AS SET FORTH ABOVE, DEALER EXPRESSLY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED.

3. **Reappraisal of Trade-In Vehicle.** If the motor vehicle which has been traded in ("Trade-In Vehicle") as a part of the consideration for the Product(s) ordered hereunder is not to be delivered to Dealer until delivery to Customer of the Product(s), the Trade-In Vehicle shall be reappraised at that time and such reappraised value shall determine the allowance made for the Trade-In Vehicle. If the reappraised value is lower than the original allowance shown on the front of this Order, Customer may, if dissatisfied, cancel this Order.

4. **Delivery of Trade-In Vehicle by Customer; Customer Warranty of Title and Emissions.** Customer agrees to deliver to Dealer satisfactory evidence of title to the Trade-In Vehicle at the time of delivery of the Trade-In Vehicle to Dealer. Customer warrants the Trade-In Vehicle to be Customer's property free and clear of all liens and encumbrances. Customer further warrants that the emissions system of the Trade-In Vehicle, including any air pollution control devices ("Emissions System"), has not been removed, dismantled, modified, tampered with or altered in any way and the Emissions System is functioning in accordance with the original OEM specifications.

5. **Delay or Failure in Delivery; Limitation of Dealer Liability.** Dealer shall not be liable for failure to deliver or delay in delivering any Product(s) covered by this Order where such failure or delay is due, in whole or in part, to any cause beyond the reasonable control, or is without the gross negligence or intentional misconduct, of Dealer. Examples of causes beyond Dealer's reasonable control include, but are not limited to, Manufacturers' delay or failure to deliver Product(s) for any reason, earthquake, hurricane or other natural disaster, fire, war, terrorist act, labor dispute, strike, etc.

6. **Liability for Taxes.** The price for the Product(s) specified on the face of this Order includes reimbursement to Dealer for federal excise taxes paid, but does not include sales or use taxes or occupational taxes based on sales volume (federal, state or local) unless expressly so stated. Customer assumes and agrees to pay, unless prohibited by law, any such sales or use or occupational taxes imposed on or applicable to the transaction covered by this Order, regardless of which party may have primary tax liability thereof.

7. **Customer's Deposit.** Any Customer's deposit, whether cash or Trade-In Vehicle, shall not be refunded except due to Dealer's failure to deliver the Product(s).

8. **Risk of Loss; Insurance.** Customer shall assume all risk of loss relating to the Product(s) at the time Customer receives possession of the Product(s), or at the time Customer receives title to the Product(s) if title is conveyed before Customer receives possession. Customer shall obtain insurance for the Product(s) that will be in effect at the time Customer takes possession of the Product(s), or at the time Customer receives title to the Product(s) if title is conveyed before the Customer receives possession. Dealer shall have no responsibility or liability related to the Product(s) after Customer receives either possession or title to the Product(s).

9. **Governing Law; Venue; Time to Commence Action.** Except to the extent that the laws of the United States may apply or otherwise control this Order, the rights and obligations of the parties hereunder shall be governed by, and construed and interpreted in accordance with, the laws of the state in which Dealer is located, without regard to conflict of law principles. The mandatory venue for any claim, litigation, civil action or any other legal or administrative proceeding ("Action") involving any controversy or claim between or among the parties to this Order, is the state in which Dealer is located. Customer has one (1) year from the accrual of any cause of action arising from the purchase of the Product(s) to commence an Action against Dealer.

10. **Limitation of Damages.** Customer agrees that in the event of any Action brought by Customer against Dealer, Customer shall not be entitled to recover any incidental or consequential damages as defined in the Uniform Commercial Code, including but not limited to indirect or special damages, loss of income or anticipated profits, or down-time, or any punitive damages.

11. **Fees and Expenses of Actions.** In any Action, whether initiated by Dealer or Customer, where the Customer has a right, pursuant to statute, common law or otherwise, to recover reasonable attorneys' fees and costs in the event it prevails, Customer agrees that Dealer shall have the same right to recover reasonable attorneys' fees and costs incurred in connection with the Action in the event that Dealer prevails.

12. **Execution and Delivery by Electronic Transmission.** If this Order or any document executed in connection with this Order is delivered by facsimile, email or similar instantaneous electronic transmission device pursuant to which the signature of or on behalf of such party can be seen, such execution and delivery shall be considered valid, binding and effective for all purposes as an original document. Additionally, the signature of any party on this Order transmitted by way of a facsimile machine or email shall be considered for all purposes as an original signature. Any such faxed or emailed document shall be considered to have the same binding legal effect as an original document. At the request of Dealer, any faxed or emailed document shall be re-executed by Customer in an original form.

13. **Waiver; Severability.** No waiver of any term of this Order shall be valid unless it is in writing and signed by Dealer's authorized representative. If any provision or part of any provision of this Order shall be deemed to violate any applicable law or regulation, such invalid provision or part of a provision shall be inapplicable, BUT the remaining part of that provision and the remainder of the Order shall continue to be binding and enforceable.

14. **No Broker; Manufacturer Incentives.** If at any time Dealer determines that the Customer intends to engage in the resale of vehicles for profit, where such resale is not in conjunction with further manufacturing, Dealer reserves the right to cancel this Order. Certain manufacturer incentives are intended to be used for retail customers at the location as identified by the Customer in this Order. Customer represents that they will register the vehicle with their state motor vehicle department and are not purchasing this vehicle with the intent to resell/export the vehicle, except where such resale is in conjunction with further manufacturing. If at any time Dealer determines that the foregoing representations are not true, Dealer has the right to seek repayment of any manufacturer incentives that are paid.

15. **Communication Consent.** Dealer and any other owner or servicer of this account may use any information Customer gives Dealer, including but not limited to email addresses, cell phone numbers, and landline numbers, to contact Customer for purposes related to this account, including debt collection and marketing purposes. In addition, Customer expressly consents to any such contact being made by the most efficient technology available, including but not limited to, automated dialing equipment, automated messages, and prerecorded messages, even if Customer is charged for the contact.

16. **Used Car Buyers Guide.** If applicable, the information on the window form for the vehicle(s) is part of this contract. Information on the window form overrides any contrary provisions in the contract of sale.

Spanish Translation: Guía para compradores de vehículos usados. La información que ve en el formulario de la ventanilla para este vehículo forma parte del presente contrato. La información del formulario de la ventanilla deja sin efecto toda disposición en contrario contenida en el contrato de venta.

17. **Third Party Products and Services.** Products purchased from Rush may include products and services provided by third parties, including subscription services and/or software products ("Third Party Products") that have their own terms and conditions of use and privacy policies ("Third Party Use Terms"). Customer's use of the Third Party Products is governed by and subject to the Third Party Use Terms. Customer understands and agrees that Rush is not responsible or liable for Customer's use of the Third Party Products. Use of Dealer's RushCare products and services is governed by the RushCare Technology Solution Platform User Agreement located at <http://www.rushtruckcenters.com/rushcare-user-agreement>.

18. **Use of Vehicle Repair Data.** Vehicle maintenance service and repair information arising from or created as a result of Services provided by Dealer, including vehicle owner information, vehicle identification numbers and vehicle specifications ("Vehicle Repair Data"), may be provided to vehicle/component manufacturer(s) and the vehicle/component manufacturer(s) dealers, and their respective service management platform providers ("Maintenance Third Parties") and used by Dealer and Maintenance Third Parties to support and enhance vehicle repair services provided to such parties' customers. Customer also authorizes Dealer and Maintenance Third Parties to aggregate Vehicle Repair Data with data of other repair customers in a way that does not identify Customer and to use such aggregated data for any purpose.

19. **Insurance. IT IS CUSTOMER'S RESPONSIBILITY TO OBTAIN INSURANCE ON THE VEHICLE.** Dealer may request insurance information from Customer in order to register the vehicle or for verifying insurance coverage. Dealer's request for insurance information does not constitute an agreement to transfer or obtain insurance coverage on the vehicle. By signing this agreement, Customer covenants and agrees that Customer has obtained, or will obtain, before the vehicle is driven by anyone, insurance on the vehicle.

20. **Manufacturer Surcharges.** The Manufacturer has reserved the right to change the price to Dealer of any Product that is not currently in Dealer's stock, without notice to Dealer. If a Product identified in this Order is not currently in Dealer's stock at the time this Order is signed by the Customer, Dealer reserves the right to change the Product price to reflect any price increases imposed by the Manufacturer.
