RE: Ordinance 2024-55, rezoning all BMUV (Bayfront Mixed Use Village District) zoning district properties within the city limits to UMU (Urban Mixed-Use District) (Case Z24-00007, City of Palm Bay), final reading. (Quasi-Judicial Proceeding)

SUMMARY:

A public hearing is to be held on the above subject ordinance and the caption read for the second and final time at tonight's Council meeting.

Ordinance 2024-33 was adopted by the City Council on September 19, 2024, to bring the land development regulations into compliance with the Palm Bay Comprehensive Plan and create an updated Land Development Code. The Ordinance also renamed BMUV (Bayfront Mixed Use Village) District to UMU (Urban Mixed-Use) District. As such, the subject parcels, consisting of approximately 29 acres, must be rezoned to a district classification that is provided for, and regulated, in the new Land Development Code.

COMPATIBILITY

The FLU designation and proposed zoning is compatible.

BACKGROUND:

The Palm Bay 2045 Comprehensive Plan Future Land Use Element was adopted on May 1, 2023, and became effective on June 10, 2023. The remaining Palm Bay Comprehensive Plan Elements were adopted on May 18, 2023, and became effective on July 20, 2023. Pursuant

to Chapter 163.3202, F.S., a local government must adopt and enforce land development regulations that are consistent with and implement the adopted comprehensive plan.

Case T24-00004, heard by the Planning and Zoning Board in August 2024 was one of the first actions taken to bring the land development regulations into compliance with the Palm Bay Comprehensive Plan. The textual amendment to the Code of Ordinances, as presented in Case T24-00004 renamed BMUV (Bayfront Mixed Use Village District) to UMU (Urban Mixed-Use District). As such, the subject parcels must be rezoned to a district classification that is provided for, and regulated, in the new Land Development Code.

The City of Palm Bay is requesting an administrative rezoning of the subject parcels from BMUV (Bayfront Mixed Use Village District) to UMU (Urban Mixed-Use District) to establish consistency with the adopted 2045 City of Palm Bay Comprehensive Plan.

ANALYSIS:

Pursuant to the City of Palm Bay Code of Ordinances, proposed amendments to the official Zoning Map of the City shall be submitted to the Planning and Zoning Board, which shall analyze the factors of analysis applicable to the proposed amendment prior to making a recommendation to City Council.

(A) The applicant's need and justification for the change and whether it aligns with the community's current or future needs.

The submitted Factors of Analysis states, "The proposed change aligns with the community's current and future needs by establishing consistency with City of Palm Bay 2045 Comprehensive Plan."

(B) The effect of the change, if any, on a particular property and surrounding properties.

The submitted Factors of Analysis states, "The change in zoning has no impact on the surrounding properties. The request serves to rename BMUV to UMU. The allowable uses remain consistent with what is currently permitted. Surrounding properties would be affected no differently than they are today."

(C) The amount of existing undeveloped land in the general area of the city having the same classification as that requested.

The submitted Factors of Analysis states, "The renaming of BMUV to UMU will allow property owners to retain current rights, including permitted uses, lot requirements, and other development regulations. Surrounding properties would be affected no differently than they are today."

(D) Whether the proposed amendment furthers the purpose of the City's Comprehensive Plan or strategic plans applicable to the proposed development and the provisions in the Land Development Code.

The submitted Factors of Analysis states, “The Future Land Use designation of the property is consistent with the proposed zoning. The proposed amendment will further the purpose of the City Comprehensive Plan, including the following: Policy FLU-1.7F. Update the LDC to incorporate criteria for mixed use development which includes industrial uses. Objective FLU-1.5. Support the creation of harmonious mixed-use communities with residential and nonresidential uses collocated and integrated into a sustainable development pattern.”

(E) Whether the requested district is substantially different from that of the surrounding area.

The submitted Factors of Analysis states, “The proposed rezoning is not substantially different from the existing zoning; therefore, the character of the area will remain essentially the same. Although the zoning classification will change, the proposed rezoning will have a “net zero” effect on the surrounding area.”

(F) Whether the request provides for a transition between areas of different character, density, or intensity.

The submitted Factors of Analysis states, “The proposed rezoning is not substantially different from the existing zoning; therefore, the character of the area will remain essentially the same. The request provides for a transition between areas of different character, density, or intensity.”

The existing and proposed zoning district regulations are provided below:

§ 185.053 BMUV - BAYFRONT MIXED USE VILLAGE DISTRICT.	UMU Urban Mixed-Use District.
(A) Intent. The purpose of the Bayfront mixed use village (BMUV) district is to provide areas within the Bayfront Redevelopment District for an attractive and functional mix of residential, office, neighborhood supporting commercial, institutional, and other similar low intensity land uses that are linked by a network of walkways to create a village center as recommended in the Bayfront Redevelopment Plan.	(N) The purpose of the mixed-use districts is to foster an attractive and functional mix of residential and nonresidential land uses within a walkable setting. The intent of the Urban Mixed-Use (UMU) district is to cultivate a vibrant mix of very dense and intense residential and nonresidential land uses within a highly walkable setting primarily consisting of vertical mixed-use buildings at the intersection of collector or arterial roadways.
(B) Principal uses and structures.

Summary

The Palm Bay 2045 Comprehensive Plan Future Land Use Element was adopted on May 1, 2023, and became effective on June 10, 2023. The remaining Palm Bay Comprehensive Plan Elements were adopted on May 18, 2023, and became effective on July 20, 2023. As part of the update to the Comprehensive Plan, the City is required to review and update the Land Development Code (LDC) to ensure consistency with the recently adopted plan. The LDC is intended to establish policy that guides development of property within Palm Bay City limits.

The City's Growth Management Department, in coordination with Inspire Placemaking, kicked off the LDC overhaul in May of 2023 and held several public workshops with stakeholders on proposed amendments to the zoning code. An onsite public workshop was held in the Council Chambers on September 21, 2023, and a virtual workshop was held on October 2, 2023, to solicit input on general and specific concerns of the community.

Growth Management Department and Inspire Placemaking hosted in-person public input sessions on August 15th and 16th. On August 19, 2024, a virtual public input session was held via Microsoft Teams. Staff and consultants also presented the proposed amendments to the Planning & Zoning Board on August 7, 2024, and City Council on August 29, 2024.

Applicant Response:

N/A

(2) Zoning Map Amendment Factors of Analysis

(a) The applicant's need and justification for the change and whether it aligns with the community's current or future needs;

Applicant Response:

The proposed change aligns with the community's current and future needs by establishing consistency with City of Palm Bay 2045 Comprehensive Plan.

(b) The effect of the change, if any, on a particular property and surrounding properties;

Applicant Response:

The change in zoning has no impact on the surrounding properties. The request serves to rename BMUV to UMU. The allowable uses remain consistent with what is currently permitted. Surrounding properties would be affected no differently than they are today.

(c) The amount of existing undeveloped land in the general area of the city having the same classification as that requested;

Applicant Response:

N/A

The renaming of BMUV to UMU will allow property owners retain current rights, including permitted uses, lot requirements, and other development regulations. Surrounding properties would be affected no differently than they are today.

(d) Whether the proposed amendment furthers the purpose of the city's Comprehensive Plan, or other strategic plans applicable to the proposed development and the provisions in the Land Development Code;

Applicant Response:

The Future Land Use designation of the property is consistent with the proposed zoning. The proposed amendment will further the purpose of the City's Comprehensive Plan, including the following: Policy FLU-1.7F. Update the LDC to incorporate criteria for mixed use development which includes industrial uses. - Objective FLU-1.5. Support the creation of harmonious mixed-use communities with residential and nonresidential uses collocated and integrated into a sustainable development pattern.

(e) Whether the requested district is substantially different from that of the surrounding area; and

Applicant Response:

The proposed rezoning is not substantially different from the existing zoning; therefore, the character of the area will remain essentially the same. Although the zoning classification will change, the proposed rezoning will have a "net zero" effect on the surrounding area.

- (f) Whether the request provides for a transition between areas of different character, density or intensity.

Applicant Response:

The proposed rezoning is not substantially different from the existing zoning; therefore, the character of the area will remain essentially the same. The request provides for a transition between areas of different character, density, or intensity.

In accordance with the provisions of controlling law, even notwithstanding the fact that an exemption noted above may apply, the City of Palm Bay hereby publishes the following information:

1. Summary of the proposed ordinance (must include a statement of the public purpose, such as serving the public health, safety, morals and welfare): *The proposed ordinance was initiated by the City and rezones 77 lots (consisting of 29 acres) from BMUV to UMU. Both existing and proposed zoning districts are mixed-use zoning districts. As part of the 2024 update to the Land Development Code, the rezoning is proposed to allow mixed-use districts throughout the city, and to bring the LDC into compliance with the Comprehensive Plan.*

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of Palm Bay, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance or for which businesses will be financially responsible; and
(c) An estimate of the City of Palm Bay regulatory costs, including estimated revenues from any new charges or fees to cover such costs.
No direct economic impact estimated.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance: *None (0)*

4. Additional information the governing body deems useful (if any):
[You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. For example: City of Palm Bay staff solicited comments from businesses in the City of Palm Bay as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City of Palm Bay's website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not affect only businesses.] *Both the existing (BMUV) zoning district and proposed (UMU) zoning district provide lands for a mix of residential and non-residential uses in the City of Palm Bay. Stand-alone business uses are not permitted in mixed-use districts unless the development includes residential uses, as well.*
